What is Community-Based Care?

[Community-Based Care \(Internal Webpage\)](#)

[Community-Based Care \(Public Webpage\)](#)

This operations manual provides Child Protective Services (CPS) and EMPOWER staff an in-depth look at the protocols for case actions in Department of Family and Protective Services (DFPS) cases involving substitute care placements and case management services that are affected by Community-Based Care (CBC) in Metroplex East (3E).

To begin, staff must understand Community-Based Care.

CBC is a new way of providing foster care and case management services. It is a community-based approach to meeting the individual and unique needs of children, youth, and families. Within a geographic designated community area (DCA), a single contractor (officially a Single Source Continuum Contractor (SSCC)) is responsible for finding foster homes or other living arrangements for children or youth in state care and providing them a full continuum of services.

DFPS began expanding the community's role to meet the challenges of serving children and youth in foster care under Foster Care Redesign. Under Foster Care Redesign, the SSCC was responsible for:

- Developing foster care capacity.
- Building a network of providers.
- Engaging the community to help.
- Foster care placement services.
- Coordinating and delivering services to children and youth in foster care and their families.

In 2017, the Texas Legislature directed DFPS to expand this model to include both foster care and relative or "kinship" placements and give the SSCC sole responsibility for case management rather than sharing that responsibility with DFPS.

As CBC takes shape statewide, DFPS' focus will shift to ensuring quality oversight of foster care and services for children, youth, and families. The SSCC will be responsible for case management and services, that safely maintains children in foster care or kinship care, with the goal of positive permanency for all youth in care.

Office of Community-Based Care Transition (OCBCT)

With the passage of Senate Bill 1896, 87th Regular Texas Legislative session, the Office of Community-Based Care Transition was created to help assist with the transition to and implementation of the Community-Based Care Model in Texas. OCBCT is an independent office that is administratively attached to DFPS and reports directly to the Governor. OCBCT

serves as the office who project manages the implementation of CBC across the state with the support of other key players and provides ongoing support to the SSCC.

Community-Based Care Administrator (CBCA)

Under the direction of the CBC Director of Implementation, the CBCA is responsible for CBC implementation and operation activities and serves as the CBC area liaison to EMPOWER. The CBCA interacts routinely with DFPS staff, the SSCC, other agencies in the community, community boards, judges, schools, and the public during and after the implementation of the CBC model. This position reports to the Implementation Director, Esmeralda Silva.

Case Management Oversight

The Case Management Oversight Team provides technical guidance and subject matter expertise regarding DFPS and the CBC programs. This team will support, collaborate, assist, and work to facilitate the success of EMPOWER during and after the transition. They ensure compliance of federal and state requirements and report results of quality assurance reviews. Their goal is to support EMPOWER and its success for children and families in Metroplex East (3E). This team is a part of DFPS and reports to the CPS Regional Director, Kimberly Carter for Metroplex (3E). The CMO team contact information will be provided once available.

Community-Based Care Quality Indicators:

1. Children and youth are safe in their placements.
2. Children and youth are placed in their home communities.
3. Children and youth are appropriately served in the least restrictive environment that supports minimal moves for the child or youth.
4. Connections to family and others important to the child or youth are maintained.
5. Children and youth are placed with their siblings.
6. Children and youth remain in their school of origin.
7. Services respect the child's and youth's culture.
8. To be fully prepared for successful adulthood, children and youth are provided opportunities, experiences, and activities similar to those experienced by their non-foster care peers.
9. Children and youth are provided opportunities to participate in decisions that impact their lives.
10. Reunification of children and youth with their biological parents.
11. Promotion of the placement of children and youth with relative or kinship caregivers.

CBC is intended to allow the SSCC and the community more flexibility to innovate to meet the unique needs of the children, youth, and families in each designated service area. This increased flexibility comes with greater responsibility and accountability for overall safety, permanency, and well-being outcomes.

Single Source Continuum Contract: EMPOWER

On February 23, 2023, DFPS awarded the Single Source Continuum Contract (SSCC) to EMPOWER. EMPOWER, with a home base in Irving, serves children and families in the following counties: Collin, Dallas, Ellis, Fannin, Grayson, Hunt, Kaufman, Navarro and Rockwall

To learn about EMPOWER, visit the EMPOWER website at 3empower.org.

Mission Statement:

To be a collaborative model of community-based care that EMPOWER's children, families, and community partners.

Vision Statement:

Meeting the unique needs of children and families through innovation and community strengths and resources.

[Modified Final Order](#)

[CPS Handbook](#)

The protocols detailed in this operations manual are for children and youth from the Metroplex East (3E) placed with and receiving services through EMPOWER as the Single Source Continuum Contractor.

The CPS Handbook policies and rules, as well as the Modified Final Order, as rendered by the Corpus Christi Division of the United States District Court, remain in effect unless expressly waived. However, this manual may identify that the actions that were previously completed by DFPS are now completed by EMPOWER. DFPS and EMPOWER staff should refer to the Community-Based Care Texas Administrative Code (TAC) Rules Waiver for more information.

Additionally, since this operations manual identifies responsibilities for the SSCC that include access to sensitive information in the DFPS IMPACT system, the SSCC has adopted policies and procedures, EMPOWER's Provider Manual, to minimize the risk of data breaches.

Senate Bill 1896 of the 87th Regular Texas Legislative Session required DFPS to transition fully to an electronic case management system. DFPS Records Management Division is working

through a staged approach to fully transition to a solely electronic case management system statewide. All documents should be uploaded into OneCase in the IMPACT system going forward and further instructions will be provided when the transition reaches your area.

If you have questions about any information in this manual, please contact your supervisor, Program Director or the Metroplex East (3E) Community-Based Care Administrator Afton Rutherford at afton.rutherford@dfps.texas.gov or 1-817-727-9156.

Texas statute provides authority for the Single Source Continuum Contractors (SSCC) in the State of Texas either directly or through subcontractors, to assume the statutory duties of the Texas Department of Family and Protective Services (DFPS) in connection with the delivery of foster care services, relative and kinship caregiver services, and case management services in the SSCC's defined designated community area (DCA).

In accordance with Texas Family Code §264.151, the provision of case management services to a child for whom DFPS has been appointed Temporary Managing Conservator (TMC), Permanent Managing Conservator (PMC), or Joint Managing Conservator (JMC) to the child's family, a young adult in extended foster care, a relative or kinship caregiver, or a child who has been placed in the designated community area through Interstate Compact on the Placement of Children, and includes, but is not limited to:

1. Caseworker visits with the child, family, and caregivers.
2. Convening and conducting permanency planning meetings.
3. Development and revision of child and family plans of service, including a permanency plan and goals for a child or young adult in care.
4. Coordination and monitoring of services required by the child and the child's family.
5. Assumption of court-related duties regarding the child.
6. Any other function or service that DFPS determines necessary to allow an SSCC to assume responsibility for case management.

Authority

[Texas Family Code §264.163](#)

[Texas Government Code Chapter 552](#)

Under Texas statute, the Legislature required DFPS to contract with community-based nonprofit and local governmental entities to provide child welfare services. These statutes provide authority for the community-based entities, known as the SSCC, to either directly or through subcontractors, assume the statutory duties of DFPS to deliver foster care services and services for relative and kinship caregivers in the SSCC's defined designated community area (DCA). Delivery of foster care services and services to relative and kinship caregivers can include, but is not limited to:

- An SSCC staff member's direct contact with a child or youth in DFPS Conservatorship who they are serving under the SSCC continuum of care.
- An SSCC staff member's ability to visit privately with a child or youth in DFPS Conservatorship at schools, foster, or kinship homes or any other meeting site.
- Entities providing confidential information to a SSCC staff member upon request about a child or youth in DFPS Conservatorship who is served under the SSCC continuum of care.

Under Texas statute, an SSCC in a contract with DFPS will, at a minimum:

- Assume the statutory duties of DFPS in connection with the delivery of foster care services and services for relative and kinship caregivers in a defined designated community area.
- Provide or protect records as outlined in the Open Records Act found in Texas Government Code Chapter 552.
- Be afforded protection of communication that may occur between the SSCC's employee, agent or representative when considered a client's representative of DFPS for purposes of attorney-client privilege.

Under Texas statute, DFPS will, at a minimum:

- Contract with community-based nonprofit and local governmental entities that can provide child welfare services.
- Develop and maintain a plan for implementing Community-Based Care.
- Develop a formal review process to assess the ability of a Single Source Continuum Contractor to satisfy the responsibilities and administrative requirements of delivering foster care services and services for relative and kinship caregivers.
- Expand community-based care.
- Review contractor's performance.

The Texas Family Code provides additional statutory details regarding the requirements of the SSCC and DFPS.

In summary, the SSCCs, under contract with DFPS, assume the statutory duties of DFPS in connection with the delivery of child welfare conservatorship, kinship, and reunification services in a defined DCA. This does not include Intake, Investigations and Family Based Safety Services. Vendors and other organizations should treat the SSCCs as an agent of DFPS as it relates to the child welfare services being delivered by the SSCCs.

Appropriate Disclosures of Confidential Information

It is sometimes necessary to share confidential information during a case to support a child's care or supervision, or to support the provision of appropriate services. Federal and state law authorize this disclosure for certain purposes.

Caseworkers must be very careful when it comes to photos, videos, or other likeness of a child being served by an SSCC. Social media is often an integral part of life for older children and some foster or relative caregivers, which means that caseworkers may need to address social media privacy to protect a child's confidential information.

Normal Use

A photo or image of a child can always be shared with the child's biological family.

A child or caregiver is allowed to share a photo or image of a child with the child's friends or the caregiver's friends or family.

A photo or image of a child is shared as part of a normal school or extracurricular activity. For example, photos published in a school yearbook, or the child's sports team or other extracurricular group is featured in a community publication (i.e., the publication's focus is not the child).

Prohibited Use

A child or caregiver may not share a photo or image of the child in a way that is accessible to the general public without permission from both the child and DFPS.

A photo or image of a child may not stigmatize the child in any way.

A photo or image of a child may not refer to the child as being in foster care.

Metroplex East (3E) DFPS staff will work directly with EMPOWER following the determination that a child or youth in DFPS conservatorship requires placement in a substitute care setting.

DFPS staff must follow CPS Handbook related to the assessment, consideration, and selection of the least restrictive placement for every child or youth's initial or subsequent placement (new placement or placement change) in substitute care.

EMPOWER will be paid one blended foster care rate for the majority of children or youth placed within EMPOWER's provider network. Regardless of the child or youth's needs or services to meet those needs, EMPOWER is responsible for providing a continuum of care to each child or youth placed within their provider network.

- Regardless of the type of placement, DFPS Workers must staff the child or youth's case with their Supervisor and Program Director (PD) and obtain approval prior to requesting a substitute care placement and case management services from EMPOWER.
- In situations where the DFPS Worker has identified that a child or youth *may* require a paid foster care placement, the PD may direct the DFPS Worker to provide EMPOWER advance notification of a child or youth's need for possible paid foster care placement (If during normal business hours via email at placement@3empower.org and if after normal business hours will notify via phone at 1-877-706-1247). Contractual timeframes will not apply in these circumstances.)

- *If paid placement is no longer needed, the DFPS Worker will notify EMPOWER via email at placement@3empower.org and via phone at 1-877-706-1247 within one hour of determination that paid foster care placement is not needed.*
- If a court orders anything regarding the placement of a child or youth (i.e., a placement move or for a child or youth to remain in a particular foster home), DFPS Worker will notify EMPOWER immediately and provide a copy of the court order as soon as possible. When possible, DFPS Worker will notify EMPOWER prior to any anticipated court rulings that may affect the placement of a child, youth, or sibling group.

Rights of Children and Youth in Foster Care (Bill of Rights)

The CPS Rights of Children and Youth in Foster Care, also known as the Foster Child's Bill of Rights, is an important document that outlines the rights children and youth have when they are placed in foster care. It is required by federal law, Texas law, and CPS Handbook.

Every time it is reviewed with the child or youth, it must be signed by the child or youth, the caseworker, and the caregiver.

The primary caseworker is responsible for reviewing the Bill of Rights with the child or youth every six months, to also include the following instances:

- Within 72 hours of the child or youth entering foster care (i.e., at initial placement following the child's removal).
- Within 72 hours of the child or youth changing placements into a DFPS Foster and Adoptive Home Development (FAD) program.
- Every time the Child's Plan of Service (CPOS) is reviewed, including the first time the CPOS is developed.

The primary caseworker must review the [Form 2530 Rights of Children and Youth in Foster Care](#) with the child or youth. Upon completion of the review, the primary caseworker must have the child or youth and caregiver sign on the appropriate signature lines, provide a copy to the child or youth, document the date reviewed and sign on the child's *Placement Information* page in IMPACT, and upload a copy of the signed document to OneCase.

Initial Bill of Rights Review

Source:

[Texas Family Code §263.008\(c\)](#)

[Remedial Order A-6 of the Modified Final Order](#)

The date of the initial Bill of Rights Review is captured on the Child Placement Information page as part of the placement documentation. The signed Initial Bill of Rights must be uploaded into the OneCase tab titled “Foster Care Bill of Rights.”

The primary caseworker must review the Bill of Rights orally and in the child’s primary language. There are no exceptions for age or disability. Caseworkers will need to provide accommodations where needed, such as translators or sign language interpreters. If a child cannot sign the Bill of Rights (e.g., infants), this must be noted on the form by the caseworker. The review must still occur with the caregiver and a signed copy must be uploaded into OneCase.

The Bill of Rights contains language and words that will not necessarily be understood by all children and youth. Some notable examples from the Bill of Rights are:

13. “Participate in... unsupervised childhood and extracurricular activities.”
18. “Have my personal belongings transported in luggage...when being placed in foster care or changing placements, and the luggage be my personal property.”
20. “Healthy foods in healthy portions for my age and activity level.”
27. “Be informed of emergency behavioral intervention policies in writing...”
45. “Make calls, reports, or complaints” to
 - The HHSC Ombudsman for Children and Youth currently in Foster Care at 1-844-286-0769.
 - The DFPS Office of Consumer Affairs at 1-800-720-7777.

The primary caseworker should check for understanding and explain anything the child or youth does not understand in a developmentally appropriate way.

The review of the Bill of Rights can be done by a virtual meeting, in-person/face-to-face, over the phone, or an application such as FaceTime (available on DFPS-issued iPhones). Regardless of the method of review, the primary caseworker must provide a written copy of the foster children’s bill of rights to the child, as required by Texas Family Code §263.008(c).

Travel for Children in Conservatorship

For children traveling outside of the United States, prior court approval is needed. EMPOWER will follow the steps outlined in CPS Policy [6474.1](#) by following the SSCC’s chain of command relating to approvals. Once all approvals are obtained from EMPOWER leadership, an Action

Memo addressed to the CPS Assistant Commissioner, will then be submitted to DFPS State Office Program Support, Regina Perez at regina.perez@dfps.texas.gov, who will route for final review. Refer to CPS Policy 6474 for additional information.

For information on children traveling in-state see Policy [6471.1](#) and for children traveling out-of-state please see Policy [6471.2](#) with regard to approvals and communications.

The EMPOWER Vice President of Permanency Services is the designated individual responsible for determining if a child or youth's behavior meets the definition of being sexually aggressive and has specific protocols and definitions that guide in that decision.

If sexually aggressive behaviors are suspected while a child is under DFPS conservatorship, the Vice President of Permanency Services is notified, and a Child Sexual Aggression (CSA) staffing is held as soon as possible but no later than 24 hours after being made aware of the behaviors.

- The EMPOWER Vice President of Permanency Services reviews the investigation and/or information from current or past CPI, CCI, RCCL, FBSS, or CVS cases, as well as any other documentation on the child and potential victims, along with the Sexual Behavior Chart to determine if the behavior and/or incident meets the definition of sexually aggressive behavior.
- Whether the behavior and/or incident does or does not meet the definition of sexually aggressive, the EMPOWER Vice President of Permanency Services documents the CSA staffing in the alleged aggressor's SUB stage using the 'CSA staffing' drop-down box and includes at a minimum, the following information:
 - Staffing attendees.
 - The victim's name and PID.

- The alleged aggressor's relationship to the victim. ○ A description of the behavior and/or incident.
- Whether or not the alleged aggressor meets the definition of sexually aggressive behavior.
- The date of the incident.
- The placement at time of the incident.
- If the child was in DFPS custody at time of the incident. *If multiple incidents are staffed, the above must be documented for each.

If the incident is determined to be aggressive, the EMPOWER Vice President of Permanency Services documents the sexual aggression and sexual victimization incidents on both the victim (if victim has a PID and is in IMPACT) and aggressor's Sexual Incident History pages in IMPACT.

If the Child/Youth is determined to have Sexually Aggressive Behavior at the time of removal

If DFPS staff have a child/youth entering DFPS conservatorship from a Metroplex East (3E) county who needs to be assessed for sexually aggressive behavior, DFPS must:

- Contact the EMPOWER Vice President of Permanency Services who is responsible for the CSA designation in IMPACT for any child or youth legally from the Metroplex East (3E).
- As soon as the removal worker is made aware of possible sexual aggression, they will alert their chain of command and the removal Program Director will email EMPOWER Vice President of Permanency Services to set up a child sexual aggression staffing.
- EMPOWER Vice President of Permanency Services will schedule the staffing. The staffing is held as soon as possible but no later than 24 hours after being made aware of the behaviors.
 - Participants include:
 - DFPS Removal Worker (required)
 - DFPS Supervisor (required)
 - DFPS Program Director (required)
 - EMPOWER Permanency Case Manager
 - EMPOWER Permanency Supervisor
 - EMPOWER Director of Permanency Services
 - EMPOWER Vice President of Permanency Services
- The removal worker will be prepared to share all known information required for the staffing.
- EMPOWER Vice President of Permanency Services will be responsible for documenting the staffing in IMPACT and, if determined, adding an aggression incident to the aggressor child's page and adding a victimization incident to victim child's page (if victim has a PID) in IMPACT.

If a Child/Youth is determined to have Sexually Aggressive Behavior

The EMPOWER Vice President of Permanency Services notifies the EMPOWER Director of Permanency Services, Supervisor, and Permanency Case Manager of the decision, including the rationale for the decision made.

- If the Child/Youth is determined to have Sexually Aggressive Behavior at the time of removal: If the child or youth has not been placed, the removal worker updates the Alternative Application for Placement of Children (Form 2087ex) in IMPACT before submitting to EMPOWER for placement.
- If the child or youth has already been placed, the Removal Worker IMMEDIATELY notifies the EMPOWER Intake and Placement Specialist and the placement about the child or youth's behavior and documents the notification in IMPACT. An updated Attachment A that includes the newly added aggression incident must be provided to and signed by all required caregivers and uploaded to OneCase within 3 business days.
- If the Child/Youth is determined to have Sexually Aggressive Behavior after the Child/Youth is in Conservatorship: If the child or youth is pending a new placement, EMPOWER Permanency Case Manager launches a new application for placement. The new application for placement will autofill with the information from the Sexual Incident History page in IMPACT.
- If the child or youth is currently in placement, the EMPOWER Permanency Case Manager updates Child Plan of Service (CPOS) for the child or youth who was determined to have sexually aggressive behaviors and the child or youth who was the victim of child sexual aggression (if the victim is in DFPS custody) to include services and supports.

Within 24 hours of the child or youth being identified as being sexually aggressive, the EMPOWER Director of Permanency Services will send an e-mail to the EMPOWER Permanency Case Manager asking that they confirm that they have updated the application for placement, updated the Child Plan of Service, and notified the placement

The EMPOWER Supervisor has 24 hours to respond to the EMPOWER Director of Permanency Services confirming the above activities required of the EMPOWER Permanency Case Manager have been completed.

If a child/youth is suspected to have sexually aggressive behaviors after entering DFPS conservatorship during an investigation:

CPI investigation:

- CPI notifies the caseworker of the Intake. CPI works with the caseworker to refer the child victim to a Child Advocacy Center (CAC) for a forensic interview, if necessary.
- If findings include the discovery of sexually aggressive behavior, the caseworker notifies the aggressor child's EMPOWER Vice President of Permanency Services as soon as possible but no later than 24 hours.
- EMPOWER Vice President of Permanency Services holds a CSA staffing as soon as possible but no later than 24 hours after being made aware of the behaviors.

- EMPOWER Vice President of Permanency Services must document the staffing in IMPACT using the 'CSA Staffing' drop-down box.

If CSA is determined:

- The EMPOWER Vice President of Permanency Services adds an aggression incident to the aggressor child's page and adds a victimization incident to victim child's page (if victim has a PID) in IMPACT.
- The caseworkers for the aggressor and victim provide updated Attachment A's capturing the newly documented incidents to their caregivers for signature immediately but no later than 3 business days. The signed Attachment A's are uploaded into OneCase.
- The caseworkers for both children launch new Applications for Placements.
- The caseworkers for both children update the children's Child Plans of Service.

RCI investigation:

- RCI notifies the caseworker on the Intake.
- If child sexual aggression is suspected, the RCI investigator notifies their chain of command, including the RCI Program Administrator.
- If the RCI Program Administrator determines there are concerns for child sexual aggression, the RCI Program Administrator contacts the EMPOWER Vice President of Permanency Services to schedule a joint CSA staffing.
- A joint CSA staffing is held between the RCI Program Administrator and EMPOWER Vice President of Permanency Services.
- If both RCI Program Administrator and EMPOWER Vice President of Permanency Services agree the incident meets the criteria for CSA:
 - The EMPOWER Vice President of Permanency Services adds an aggression incident to the aggressor child's page and adds a victimization incident to victim child's page (if victim has a PID) in IMPACT.
 - The caseworkers for the aggressor and victim provide updated Attachment A's capturing the newly documented incidents to their caregivers for signature immediately but no later than 3 business days. The signed Attachment A's are uploaded into OneCase.
 - The caseworkers for both children launch new Applications for Placements.
 - The caseworkers for both children update the children's Child Plans of Service.

If the RCI Program Administrator and EMPOWER Vice President of Permanency Services do not agree the incident meets the criteria for CSA, the decision is elevated to the RCI Division Administrator and EMPOWER Senior Vice President. The decision continues to be evaluated through the chain of command until a decision is reached.

[Child Placement Forms Page](#)

Initial Placements:

- DFPS will complete the question under the Sexual Incident History page in IMPACT and enter any incidents if marked yes.
- If sexual aggressive behavior is identified, DFPS will follow the child sexual aggression designation process above.
- If applicable, DFPS will complete the trafficking information in IMPACT prior to printing the Attachment A form.
- DFPS will print the Attachment A form.
- If DFPS is transporting the child to the initial placement, DFPS will:
 - Discuss the information in the Attachment A form with the receiving caregiver (as required by Remedial Orders 25, 27, and 31 of the Modified Final Order).
 - Obtain signatures from all caregivers.
 - Provide the caregiver a copy of the Attachment A.
 - Use their work phone to scan the signed Attachment A form to PDF and email to themselves.
 - Upload Attachment A, Placement Summary Form 2279, and Certification of Receipt of Child Sexual Abuse or Sexual Aggression Information Form 2279b (when applicable) into OneCase in IMPACT within one (1) business day for access by EMPOWER. DFPS will notify EMPOWER when this is complete.
 - Form 2279b is a form used to certify that information about a child's sexual history was an alternate, temporary, or GRO caregiver.
- For placements made by EMPOWER:
 - DFPS will launch the Attachment A, and provide the Placement Summary Form 2279, and Certification of Receipt of Child Sexual Abuse or Sexual Aggression Information Form 2279b (when applicable) ensure it is complete and send via email to EMPOWER.
 - EMPOWER, or their designee, will be responsible for discussing information in the Attachment A, the Placement Summary Form 2279, and Certification of Receipt of Child Sexual Abuse or Sexual Aggression Information Form 2279b (when applicable) with the caregiver at the time of placement.
 - Obtain the signatures of all required caregivers on both forms.

- EMPOWER will upload Attachment A, the Placement Summary Form 2279, and Certification of Receipt of Child Sexual Abuse or Sexual Aggression Information Form 2279b ([when applicable](#)) into OneCase in IMPACT the same business day or by 7 pm the next calendar day. EMPOWER will notify DFPS when this is complete.

Subsequent Placements:

- EMPOWER Intake and Placement Specialist will update all information under the person detail page tabs prior to the placement change.
- EMPOWER Permanency Case Manager, or their designee, will:
 - Update the Attachment A
 - Discuss information in the Attachment A with all required caregivers at the time of placement,
 - Obtain all required signatures,
 - Record the date provided on the placement detail page, and
 - Upload a copy of the Form 2279, Attachment A and Certification of Receipt of Child Sexual Abuse or Sexual Aggression Information Form 2279b ([when applicable](#)) to OneCase in IMPACT the same business day or by 7 pm the next calendar day.

Additional Notification Guidance:

DFPS/EMPOWER is required by federal court order Remedial Order 28 to provide **all caregivers** who care for children/youth in the conservatorship of DFPS with information regarding a child/youth’s history of sexual victimization and sexual aggression. At initial and subsequent placements of a child/youth in DFPS conservatorship in any setting, staff must review the information contained in the placement summary form and the Child Sexual History Report Attachment A, obtain signatures, and provide a copy of the documents in accordance with the guidance in this chart.

Certification of Receipt of Child Sexual Abuse or Sexual Aggression Information (2279b)

The 2279b is required under these circumstances:

- When the child is placed in a DFPS FAD home, it needs to be completed with alternate caregivers or respite providers.
- When the child is placed out-of-state in a non-contracted foster, adoptive, or dual-licensed foster and adoptive home.
- When the child goes to a temporary or alternate placement such as jail or hospitals.
- When the child is in a child without placement setting.

Evaluating a Possible Placement

Related Resources and Policy:

[CPS Handbook §4114 Required Factors to Consider When Evaluating a Possible Placement](#)
[Placement Process Resource Guide](#)

The safety of the child or youth is the paramount consideration in any placement selection. When evaluating potential placements, EMPOWER must consider whether the substitute caregiver has any history of abuse and neglect allegations. For foster homes, this includes

history of abuse and neglect allegations while verified with previous child placing agencies, if applicable, and substitute caregiver's licensing variances.

IMPACT and CLASS History Checks

[24-hour Awake Supervision Plan](#)

The EMPOWER Intake and Placement Specialist must consider the placement's compliance history with HHSC's Child Care Regulation (CCR) using CLASS. The EMPOWER Intake and Placement Specialist also checks IMPACT for any pertinent abuse or neglect history (including prior Child Protective Services abuse or neglect history, Adult Protective Services abuse or neglect history, Provider Investigations abuse or neglect history and Child Care Investigations abuse or neglect history).

The EMPOWER Intake and Placement Specialist must review the results of the history checks and confer with the EMPOWER Permanency Case Manager or supervisor if the history checks return results such as:

- Pending Child Care Investigations (CCI) or Child Care Regulation (CCR) investigations.
- Investigations that were closed as reason to believe, validated, confirmed or unable to determine, or any patterns in the investigation history that cause concern.
- History of Child Care Regulation (CCR) violations.

If HHSC Child Care Regulation (CCR) places a general residential operation (GRO), residential treatment center (RTC), or emergency shelter on probation, EMPOWER must not place a child or youth in that GRO, unless the associate commissioner, or deputy associate commissioner of DFPS approves the placement, or a court orders a child or youth placed there.

EMPOWER will not place a child or youth in a foster home or adoptive home with more than six children unless there is an approved 24-hour awake supervision plan and the CPS Director of Conservatorship Services approves the placement in advance.

If a Child Placing Agency (CPA) places one of its foster home or foster group home's verification on inactive status, EMPOWER must not place a child or youth in that foster home or foster group home.

EMPOWER must not place a child or youth in an unrelated foster home when a caregiver in the home has a confirmed finding of abuse, neglect, or exploitation from an investigation. The Reason to Believe (RTB) indicator box will be checked on the Resource Identification information page in IMPACT if a caregiver associated with an unrelated foster home is a confirmed perpetrator of Abuse/Neglect/Exploitation. If placement entry is attempted in

IMPACT, the caseworker will receive an error message and the placement will not be completed. CPS State Office Placement Division will need to approve any child-specific exceptions for placements in these homes prior to placement. All requests for exceptions, and questions, should be sent to DFPSDisallowances@dfps.texas.gov.

CLASS Variance Checks

The EMPOWER Intake and Placement Specialist must review all licensing variances, including variances pertaining to caregiver ratio, supervision, and training, when determining if the placement can meet the child/youth's individual needs. The EMPOWER Intake and Placement Specialist must review and confer with the EMPOWER Permanency Case Manager or EMPOWER Permanency Supervisor if the variance checks return results that may impact the placement's ability to meet the child/youth's individual needs. For initial placements, when the EMPOWER Intake and Placement Team and DFPS Caseworker or DFPS Supervisor disagree, regional staff must escalate to the CPS Regional Director, or designee, for a placement decision. The CPS Regional Director, or designee, will consult with the EMPOWER Senior Vice President.

Heightened Monitoring

Related Resources and Policy:

[CPS Handbook §4211.6 Placements into Operations on Heightened Monitoring \(HM\)](#)

[CPS Handbook §4635 HM Placement Hold](#)

EMPOWER will follow steps outlined in policy 4211.6 Placements into Operations on Heightened Monitoring (HM) when:

- A child is already placed in a child placing agency (CPA), or a general residential operation (GRO), including a residential treatment center (RTC), and the operation is placed on heightened monitoring, OR
- For prospective placements, if a GRO, RTC, or CPA is on heightened monitoring at the time of the placement search.

Before placing the child in the placement, the heightened monitoring placement request must be submitted to the CPS Regional Director Kelly Johnson-Davis and must receive the CPS Regional Director's approval in IMPACT. In the absence of the CPS Regional Director, approval from the CPS Director of Field or the CPS Associate Commissioner is required in advance. If the operation is also on probation (in addition to heightened monitoring), the approval of the CPS Associate Commissioner is also required before placement. This is entered in IMPACT in the *Heightened Monitoring Placement Request* tab in the *Placement* section of the *SUB* stage. This request must include a best interest statement and justification for placement that include child-specific information about why the placement is in the best interest of the child.

Placements on Probation

If a GRO, Emergency Shelter or RTC is on probation, then the CPS Associate Commissioner must provide advanced approval prior to placement. EMPOWER Intake and Placement Staff must submit the placement request to the DFPS Division Administrator for Placement. Once reviewed, the placement request is submitted to the Associate Commissioner for final approval.

For operations on Heightened Monitoring, follow the Heightened Monitoring request process stated in the section above after approval is received.

When an Operation is Issued a Placement Hold

A placement hold on an operation is issued by the CPS Associate Commissioner or Designee. The CPS Director of Conservatorship Services will notify EMPOWER within 24 hours when a placement hold is issued. Once EMPOWER receives notification, they must notify their placement staff immediately or within 24 hours.

If an operation is issued a placement hold, then no children may be placed into that operation.

Exceptional Care Rate

The Exceptional Care Rate is used to secure placement for children and youth in the designated community area (DCA) with exceptional needs that cannot be met appropriately through use of the blended foster care rate. EMPOWER cannot charge DFPS for both the blended rate and the exceptional care rate for the same child/youth on the same day or use the exceptional care rate for SIL Youth under any circumstances. For more detailed process information see, Exceptional Care Rate Request Help Guide.

Note: EMPOWER Supervision or the use of any unlicensed supervision locations are not placements and should not be considered a placement. It is not in the best interest of children to be in DFPS/EMPOWER Supervision situations. DFPS and EMPOWER will exhaust efforts to find the best and most appropriate placement that meets the children's best interests.

EMPOWER must establish policies/procedures for safely caring for children/youth and meeting their needs while a placement is being located. Policies/procedures must comply with CPS Handbook § 4152.2 Meeting the Needs of a Child or Youth without Placement and all of its sub-items.

EMPOWER will report children under SSCC supervision to DFPS no later than 9:00 am every day via email to the DFPS Placement team at cwop@dfps.texas.gov, copying the CBCA and CAM. Please title the e-mail "SSCC Supervision for the evening of DATE" This is the date prior to midnight for the overnight supervision that occurred.

If there were children under SSCC Supervision, the EMPOWER Single Point of Contact completes the *SSCC Supervision Daily Log* (excel spreadsheet template) with information on all children supervised by EMPOWER overnight (as defined above). The naming convention for the log is "SSCC Supervision Log for DATE". The date in the log is the date prior to midnight for the overnight supervision that occurred.

- The log is a record of all children supervised overnight on a single date. The log is completed every night a child remains under EMPOWER Supervision until a placement is found. Logs completed for Friday-Sunday nights are submitted Mondays by 9:00 am following the naming convention for each night.
- If a child in EMPOWER Supervision runs away, the incident must be reported to the DFPS SO placement team and EMPOWER must verify that the runaway protocol was followed or will be followed. (This information is reported by the CPS placement team to the CPS Associate Commissioner.)
- Daily reporting to the DFPS placement team, CBCA and CAM is in addition to and does not take the place of communication between EMPOWER and regional DFPS staff about locating placements as outlined in the operations manual. Transparent communication is essential so that DFPS and EMPOWER can work together to meet the needs of the child.

If no children were under EMPOWER Supervision, EMPOWER reports to DFPS that there were NOT any children in EMPOWER Supervision.

Note: Per an allowance of EMPOWER to deviate from CPS Handbook §4152.1 Plans for a Child or Youth When Placement Is Unavailable, if a child or youth in DFPS conservatorship does not have a placement, the child or youth can be supervised by a qualified EMPOWER staff. The request will be granted to all EMPOWER employees as long as: (1) EMPOWER employees are in charge of the children, (2) those employees have appropriate background checks (both of which are required by the statute), and (3) have received all the required training.

EMPOWER is to follow CPS Handbook §4152.2 Meeting the Needs of a Child or Youth Without Placement and the Child Without Placement Procedures guide provided by program. If a significant event or issue arises while supervising a child or youth, staff members and caregivers must notify their supervisor immediately. All significant events and serious incidents must be immediately escalated up the chain of command to the CPS Regional Director, using the email subject line *EMPOWER Supervision Incident*.

The emergency placement process is used when DFPS makes a referral to EMPOWER for a child or youth who is in immediate need for paid foster care placement and services and is not currently served by EMPOWER. Immediate need for an emergency referral is if placement is needed within seven (7) hours. Therefore, this process will be used for all emergency removals in addition to any child or youth requiring immediate paid foster care placement and services.

For emergency removals, if DFPS does not have physical possession of the child/youth, the EMPOWER Director of Intake and Placement may give approval for EMPOWER Intake and Placement Specialist to begin searching for placement. The 4-hour period will only begin once EMPOWER has accepted the referral as complete and the best interest of the child must always be taken into consideration.

The section below reflects the specific steps a DFPS Worker must take to request and complete an emergency foster care placement from EMPOWER.

Process	Procedure
<p>Notification & Referral</p>	<p>CPS Handbook §6151.3 Notification Requirements and Schedule DFPS Worker will contact EMPOWER during regular work hours or after-hours by phone at 1-877-706-1247.</p> <p>Within one (1) hour of contacting EMPOWER, DFPS worker will send an email to placement@3empower.org and enter SSCC child and family referral in IMPACT. The Kinship placement process is used when DFPS makes a referral to EMPOWER for a child or youth when an approved non-verified kinship placement has been secured by the DFPS worker. Follow current policy regarding 4114.1 Preference for Relatives and Other Connections. If DFPS does not have an approved kinship home at the time of referral, then follow the Emergency Paid Placement and Case Management Referral process. DFPS must notify EMPOWER if an approved kinship placement is secured, or a potential kinship placement is being considered, after a referral for paid placement has been made.

Note: Children legally from Metroplex East (3E) requiring kinship services in Metroplex West (3W) will be served by EMPOWER unless alternate agreements are reached between EMPOWER and OCOK.

Note: If the referral involves a sibling group and any child in the sibling group requires a paid placement, the Paid Placement Process will be followed.

Referrals for Case Management When Placement Is Not Needed Immediately But DFPS Has Obtained Conservatorship

Placements with Special Populations

Placements When Joint Managing Conservatorship is Obtained

Joint Managing Conservatorship (commonly referred to as JMC) is a legal status where two or more parties share the parenting rights and duties related to a child. Examples of some of those rights and duties include, but are not limited to, consent to medical and dental decisions, consent to psychiatric and psychological treatment, access to medical, dental, psychological, and educational records, and the right to confer on decisions about health, education, and welfare. Often these children need placements that can meet their higher acuity needs and the parent is willing to keep the child/youth in the home until a placement can be secured. For these it may be beneficial to have a pre-placement staffing.

If discussion between DFPS and EMPOWER deems a Pre-Placement Staffing would be beneficial, or at the request of either agency, then a staffing will need to be scheduled.

Process	Procedure
<p data-bbox="191 1566 370 1598">Coordination</p>	<p data-bbox="555 1566 1581 1682">EMPOWER will arrange the pre-placement staffing. Placing Children Who Have Intellectual and Developmental Disabilities (IDD), Primary Medical Needs (PMN) or Complex Medical Needs

Related Resources and Policy:

[Primary Medical Needs Resource Guide](#)

[CPS Handbook §4117 Specific Placement Considerations for Children or Youth Who Have Primary Medical Needs](#)

Placing children or youth with Intellectual and Developmental Disabilities (IDD), Primary Medical Needs (PMN), or complex medical needs require careful consideration to make the best placement matches to serve the special needs of these children and youth. The Primary Medical Needs Resource Guide describes the needs of children and youth who have PMN. The Foster and Licensed Facility Placements Process Resource Guide describes the needs of children and youth who have IDD needs.

New Placement with No Time for the PMN Meeting Before the Removal

Process	Procedure
<p>New Placement with No Time for the PMN Meeting Before the Removal</p>	<p>When a PMN child is initially removed after hours or on weekends and the child's care needs are unclear, the child's DFPS caseworker may contact the child's healthcare provider after hours, or have the child seen in the local ER when appropriate (examples: diabetic child with insulin pump, child on a ventilator or with other special medical equipment).</p> <p>Star Health does have a benefit available on a case-by-case basis. This benefit provides an observation stay in an inpatient setting for up to 48 hours, when placement or supports are not immediately in place during an emergent transition. If the stay exceeds 48 hours, DFPS staff must request an authorization for the inpatient stay, going back to the date of admission. The DFPS caseworker follows the processes below to access special support services. If the DFPS caseworker is unable to safely transport the child, the caseworker may contact an ambulance to transport the child.</p>
<p>Special Medical Transportation or Nursing Support</p>	<p>If the child requires special medical transportation (including ambulance transport) or nursing support during the move the DFPS caseworker requests assistance:</p> <ul style="list-style-type: none"> • If the move occurs before the PMN meeting access through the regional Well-Being Specialist. • If after hours, or on holidays or weekends, by contacting STAR Health at 1-866-912-6283. <p>If the placement is occurring outside of regular business hours or on a holiday, prior to placement, an immediate staffing will take place between DFPS and EMPOWER, involving the Director level or above. This staffing will not replace the required PMN staffing with the Well Being Specialist.</p>

New Placement Referral with Time for PMN Staffing

DFPS workers should follow the process outlined in [New Placement and Case Management Referrals](#) process when requesting a paid foster care placement from EMPOWER for a child with Intellectual or Developmental Disabilities (IDD), Primary Medical Needs (PMN) or Complex Medical Needs.

Process	Procedure
<p>Upon Placement Referral</p>	<p>When planning the removal of a child with PMN in a non-urgent situation, the DFPS caseworker should contact the Well-Being Specialist and EMPOWER Intake and Placement Specialist to set up a PMN Meeting before removal, to plan for the safe transportation and placement of the child. In addition to the placement referral, the DFPS worker will upon placement referral or prior to the removal, when possible, coordinate a telephone staffing with:</p> <ul style="list-style-type: none"> • DFPS supervisor and Program Director. • Regional DFPS Subject Matter Experts (Nurse, Developmental Disability Specialist, Well-Being Specialist). • EMPOWER Intake and Placement Specialist. <p>To discuss:</p> <ul style="list-style-type: none"> • DFPS is responsible for securing hospital sitting services either via DFPS contractor or use of DFPS staff until the child is released from the hospital and ready for placement. • Once the child has been placed within the EMPOWER network of care, if there is a future need for hospital sitting then EMPOWER will be responsible for meeting that need either via EMPOWER contracted service provider or EMPOWER staff. • The ability of available placement options to meet the child or youth's specific needs.
<p>After a placement for a child <i>with</i> PMN has been recommended by EMPOWER</p>	<p>DFPS worker will contact the Well Being Specialist (WBS) to request a PMN Staffing to develop a plan to address the medical services, equipment, and other needs during the transition to the new caregivers.</p> <ul style="list-style-type: none"> • The WBS will coordinate, facilitate, and document the PMN staffing in IMPACT. • The staffing will include: <ul style="list-style-type: none"> ○ EMPOWER Intake and Placement Specialist, ○ Selected caregivers ○ Their provider ○ Medical staff if applicable ○ EMPOWER Permanency Case Manager

Placement of Children When Conservatorship is Not Obtained/Temporary Placement is Needed

Related Resources and Policy:

[Emergency Paid Placement and Case Management referrals](#)

Under special situations, a child or youth not in the conservatorship of Texas DFPS may need a temporary, paid foster care placement in Metroplex East (3E) area. An example of this situation can include either a child recovered in Texas from another state, or a child for which TMC was subsequently not obtained following an emergency removal. A child or youth's may not be from the Metroplex East (3E). If this occurs, Metroplex East (3E) area removal staff will refer the child or youth needing paid foster care placement to EMPOWER per current protocols outlined in Emergency Paid Placement and Case Management referrals.

EMPOWER will then secure temporary, paid foster care placement for the child or youth with the following considerations:

- If the child or youth has emergency medical needs, then the DFPS Worker will ensure written consent is received from the child or youth's parent/managing conservator, as needed.
- If the child or youth is hospitalized, the DFPS Worker will work with the child's insurance provider to cover the expenses related to the days spent in the hospital.
 - If a child or youth needs a hospital sitter, DFPS will request and pay for this service.
 - If a foster parent needs to be trained or needs time to bond with the child or youth while the child or youth is in the hospital, DFPS will notify EMPOWER and EMPOWER will determine a proper course of action.

EMPOWER will request payment for placement through current regional processes established with local child welfare boards. If payment is denied by a local child welfare board, then EMPOWER will request a Manual Payment (form 4116) from DFPS.

Note: Unless DFPS has custody or is in the process of obtaining custody, CPI maintains possession of the child in DFPS regions and is responsible for all related care activities, including transport (e.g., an out-of-state child where CPI has no custody and not planning on obtaining but reaches out to EMPOWER for a courtesy placement). The 4- and 7-hour CBC contract requirements do not apply for youth in this section, as this is courtesy assistance from EMPOWER and the child/youth is not under the EMPOWER continuum of care.

Placing Children or Youth in Certain Institutions

Related Resources and Policy:

[Foster and Licensed Facility Placements Process Resource Guide](#)

[CPS Handbook §4118 Additional Actions for Placing Children with Intellectual or Development Disabilities](#)

[CPS Handbook §6411.21 Frequency of Face-to-Face Visits](#)

DFPS and EMPOWER will work together when considering and requesting placement of a child or youth in one of the following settings:

- HHSC-Licensed Institutions for children or youth with intellectual and developmental disabilities;
- State Supported Living Centers;
- Home and Community-Based Services (HCS) Residential Placements;
- Nursing Facilities; or
- Intermediate Care Facilities for the Intellectual Disabilities/Related Conditions (ICF/IID-RC).

Placing a child or youth in a certain institution should only take place when no other less restrictive placement is available that can meet the child or youth's needs.

Placement in a certain institution requires careful consideration, assessment, and justification. DFPS and EMPOWER will coordinate with the regional Developmental Disability Specialist to carefully assess the child or youth's specific needs and exhaust all least restrictive placement options before recommending a child or youth's placement in a certain institution.

Depending on the type of institutional placement requested for the child or youth, the DFPS Worker or EMPOWER Permanency Case Manager must follow current DFPS processes as provided for in the Foster and Licensed Facility Placements Process Resource Guide and in CPS Handbook §4118 Additional Actions for Placing Children with Intellectual or Development

Disabilities. Depending on the type of institutional placement requested for the child or youth, the DFPS Worker or EMPOWER Permanency Case Manager must follow current DFPS processes as provided for in the Foster and Licensed Facility Placements Process Resource Guide and in CPS Handbook §4118 Additional Actions for Placing Children with Intellectual or Development Disabilities.

If a child or youth is placed in a certain institution, the EMPOWER Permanency Case Manager must discharge the child or youth from the SSCC in IMPACT (See Ending the Referral section for more information). In Stage II, after the placement entry is completed, and approved in IMPACT the SSCC will need to re-establish the child referral so that case management services provided by the SSCC may continue as long as DFPS continues to have conservatorship.

When a child is in a Home and Community-Based Services (HCS) home, EMPOWER Permanency Case Manager conducts a face-to-face visit with each child at least twice a month, with the majority of visits occurring in the child or youth's HCS home.

Special note: When an HCS placement is having issues with a child/youth and is not able to meet their needs:

- The EMPOWER Permanency Case Manager must contact the Local Intellectual Developmental Disability Authority (LIDDA) and the [Developmental Disability Specialist \(DDS\)](#) to seek another Home Community Service (HCS) placement.
- This possible disruption/change in placement should go through the DFPS DDS, *not* EMPOWER.
- EMPOWER will continue to provide case management services.

Psychiatric Hospitalization of Children or Youth in DFPS Conservatorship

Related Resources and Policy:

[New Placement and Referral Process](#)

[CPS Handbook §6151 Whom to Notify](#)

[CPS Handbook §11600 Behavioral \(Mental Health\) Services](#)

[Mental Health Resource Guide](#)

There may come a time when a child or youth in DFPS conservatorship is determined to be a danger to himself or herself or others and is admitted to a psychiatric hospital. Hospitalization is an intervention designed to meet the child or youth's acute mental health needs and is not a long-term intervention. Admission to a psychiatric hospital is not a placement and should not be treated as or referred to as such. To ensure a child or youth's needs are met during this time, there are very specific steps EMPOWER Permanency Case Managers must take immediately following notification of hospitalization (see CPS Handbook §6151.2).

- When EMPOWER Permanency Case Manager finds out a child or youth in conservatorship is admitted into a psychiatric hospital the EMPOWER Permanency Case Manager will immediately notify placement@3empower.org.
- EMPOWER will track hospital admissions and will identify any placement needs that may arise after hospitalization and will seek subsequent placements as needed.
- EMPOWER will record the hospitalization as a temporary absence from placement in the Temporary Absence tab in IMPACT.
- CPS hospital liaison staff may be a resource to EMPOWER for information and updates about a child or youth's needs or care while hospitalized.
- The EMPOWER Permanency Case Manager will follow guidelines listed in [Appendix C: Psychiatric Hospital Contact Protocol for Children/Youth in DFPS Conservatorship](#) and e-mail the required information to all required parties.

New Removal - Child/youth is in Psychiatric Hospital at time of removal:

- DFPS obtains TMC or Joint Managing Conservatorship (JMC) of child.
- Paid placement needed upon discharge a placement referral will be initiated and information regarding the urgency of the placement need will be provided.
- CPI asks the hospital if they are willing to give us placement days.
 - If "yes," EMPOWER will request placement days through Star Health, Regional WBS or with the assistance of the Psychiatric Hospital Liaison.
 - If "no," follow the New Placement and Referral Process.

Note: If newly removed child remains in the psychiatric hospital past the day DFPS obtains conservatorship, DFPS enters the hospitalization in IMPACT in the Placement Page.

Note: DFPS will ensure that the proper documentation in IMPACT will be entered timely so that eligibility for STAR Health benefits start.

If Hospital Agrees to Placement Days but Star Health Does Not

If EMPOWER requests placement days through Star Health, but Star Health refuses to grant the placement days, at that point, the referral would upgrade to an Emergency and the 4-hour/7-hour timeframes will be initiated.

Placement into an Intensive Psychiatric Stabilization Program (IPSP)

EMPOWER will follow the Intensive Psychiatric Stabilization guidelines provided by their DFPS Contract Administration Manager (CAM). Any questions will be referred to the CAM.

To enter the DFPS placement, the SSCC Child Referral will need to be ended and restarted once the child exits the IPSP placement. Questions related to placement entry can be referred to the Community-Based Care Administrator.

Note: EMPOWER will not be reimbursed the foster care blended rate for any placement into IPSP.

The term *baby* refers to any youth parent's child regardless of the child's age. For circumstances that the procedures above indicate a need for a C-PB stage, EMPOWER Permanency Case Manager will:

- Contact SWI and request an Intake C-PB stage be created.
- EMPOWER Permanency Case Manager can stage progress the open Intake C-PB stage to a Sub C-PB stage in IMPACT.

Request for Placement into a CBC Catchment Area

[Community-Based Care DFPS site](#)
[Request for Placement Into CBC Area Form 1508](#)

This process outlines the steps DFPS Caseworkers from outside the CBC area must take to request a paid foster care placement or adoption placement for a child or youth, who is legally from another part of the state, into a CBC Catchment area.

This process does not include:

- SSCC requests for placement into a different CBC catchment area; or

- Youth who desire a SIL placement.

Requesting DFPS Region will:

- DFPS workers will complete each section of Request for Placement Into CBC Area Form 1508 and staff with their supervisor.
- The completed 1508 form, along with exhaustive placement search log and updated common application will be emailed to receive approval from their chain of command: Supervisor/Program Director/Program Administrator/Regional Director.
- If the requesting Regional Director approves the child's placement located in the CBC catchment area, the Regional Director will email the completed Request for Placement Into CBC Area Form 1508 to EMPOWER Senior Vice President and cc the Community-Based Care Administrator (CBCA) for that catchment area.

EMPOWER will:

- If EMPOWER agrees with the placement, they will notify the requesting Regional Director via email and cc the CBCA and assigned SSCC staff to provide courtesy supervision.
- If there is a disagreement about the child's placement into the CBC catchment area, EMPOWER Leadership or requesting Regional Director can email the CBCA requesting a staffing on the case. The CBCA will set up a resolution staffing with the following in attendance:
 - EMPOWER Senior Vice President
 - EMPOWER Vice President of Intake and Placement
 - EMPOWER Director of Intake and Placement
 - Requesting Area Regional Director
 - Region 3E Regional Director.

Placement for Children from Other Regions Who Are Recovered in an SSCC Catchment Area and SSCC Youth Recovered in Legacy Regions

[Locating Missing Children in DFPS Conservatorship-Resource Guide](#)
[CPS Handbook §4280 Temporary Absence from Paid Placement](#)
[Runaway/Missing Youth And Victims of Human Trafficking Resource Guide](#)

This process primarily pertains to youth who have run away and are recovered. These types of situations are unique in their circumstances and decision-making regarding placement or temporary placement. Primary considerations must include child/youth safety and what is in the child/youth's best interest. The EMPOWER and DFPS Legacy areas must work together to support children/youth in DFPS Conservatorship as needed to ensure their safety and well-being. The 4- or 7-hour CBC contractual requirements do not apply for children/youth in this section, as this is assistance from the EMPOWER.

Possible scenarios include, but are not limited to:

- EMPOWER child/youth recovered in a legacy region
- Legacy child/youth recovered in a CBC designated community area

EMPOWER child/youth recovered in other CBC designated community area's (DCA) will be covered in an agreement between the SSCC in that area and EMPOWER.

When the circumstance does not support the child/youth being able to return to their legal region/catchment area immediately, a collaboration between DFPS legacy region and the EMPOWER is required to develop a plan that meets the child/youth's immediate needs, including the possible need for securing temporary placement.

Circumstances that may require a temporary placement for the child/youth may include, but are not limited to:

- Recovery at a late hour and a distance from Legal Region/Catchment that would not support safe return at the immediate time of recovery.
- Weather conditions in either recovery or legal region/catchment that do not support a safe return to the Legal Region/Catchment at the immediate time of recovery.

Those involved in planning may include:

- Legal Region/Catchment DFPS/EMPOWER Regional Director or equivalent.
- Recovery Region/Catchment DFPS/EMPOWER Regional Director or equivalent.
- EMPOWER Director of Intake and Placement or designee.
- Community-Based Care Administrator.

Note: On-Call DFPS and EMPOWER staff would need to be involved in the planning after hours and on weekends or holidays.

Options to consider in resolving placement needs include, but are not limited to:

- Legal Region SSCC secures in-network placement in the recovery region if they have an available contract with an opening.
- Legal Region SSCC seeks assistance from Recovery Region's Centralized Placement Unit (CPU) for temporary placement.
- If this is the plan, Recovery Region Program Director facilitates the referral to CPU for assistance.

- o Legal Region CPU requests assistance from Recovery Catchment SSCC for temporary placement. See [SSCC Intake and Placement Contacts](#).

The expectation for these types of temporary placements is that they are temporary and will not require multiple nights for placement. The Legal Region or the Legal Region’s EMPOWER will secure placement for the child/youth the following day after the child/youth is recovered and facilitate a least restrictive placement. In instances when DFPS cannot reimburse for placements that are less than 24 hours, the CBCA will verify the circumstances and contact the Contract Administrator (CAM) to request payment.

IMPACT Documentation for the Temporary Placement Would be as Follows:

	The placement has a DFPS contract only	The placement has both SSCC and DFPS contract	The placement has an SSCC contract only
Youth Legal Region is SSCC Catchment	Community-Based Care Administrator (CBCA) should be contacted and will aid in placement documentation. [Initial Coordination Meeting \(ICM\)](#)

The Initial Coordination Meeting (ICM) is an internal, collaborative process between DFPS and EMPOWER that focuses on the unique, individualized needs of the child or youth and outlines services to address those needs. The ICM process seeks to share all relevant information about a child or youth in DFPS conservatorship who requires a new emergency placement within EMPOWER’s provider network. Relevant information includes assessments, evaluations, medical reports, recommended services, and all other information that pertains to the child or youth’s individual needs. During the ICM, DFPS and EMPOWER jointly identify the child or youth’s initial and concurrent permanency goals.

The ICM takes the place of the traditional post-removal staffing.

Foster Care Assistance consists of daily care (such as food, clothes, and shelter) and medical coverage provided through Title IV-E or medical assistance only (MAO) foster care.

Applying for Foster Care Assistance

DFPS worker is responsible for completing the initial Foster Care Assistance Application in IMPACT and submitting it to the foster care eligibility specialist. This includes sending the required documentation.

Determining Eligibility

The DFPS Foster Care Eligibility Specialist has the following roles in determining eligibility:

- Obtain birth verification.

- Verifies the child's Social Security number.
- Searches other systems to obtain the child and family income and resource information.
- Processes the Foster Care Assistance Application and records in IMPACT.
- Maintains the eligibility file.
- Please see CPS Policy 1500 Eligibility for Child Protective Service for additional information regarding foster care assistance eligibility requirements.

Annual Review of Eligibility

DFPS must review the child's eligibility for IV-E or Medicaid at least once every 12 months while the child is in foster care. The EMPOWER Permanency Case Manager will receive an IMPACT *Task To-Do* when a foster care review is due for the child. To complete the review, the EMPOWER Permanency Case Manager must:

- Complete the Foster Care Review in IMPACT and submit it to the assigned foster care eligibility specialist.
- If requested, provide copies of all child-specific court orders since the previous review or initial determination.
- Send the eligibility specialist documentation of the child's citizenship or alien status, if new documentation has been obtained since the previous foster care review or initial eligibility determination.

DFPS must annually review continued eligibility for older youth, 18 or older, who are in extended foster care.

- The EMPOWER Permanency Case Manager will receive an IMPACT *Task To-Do* when the review is due.
- The EMPOWER Permanency Case Manager must:
 - Confirm that the young adult is meeting one or more of the education and work-related criteria.
 - Provide verification to the eligibility specialist.

If the annual eligibility review is not completed in response to the IMPACT "To Do" the regional eligibility specialist will receive a monthly data warehouse report and send a notice to the primary worker and supervisor listing the children who have an annual review that is due. If there continues to be no response, the regional eligibility specialist will then send the report of pending reviews to the Permanency Director.

An EMPOWER Permanency Case Manager should always attempt to obtain a birth certificate from the child's parents, relatives, or guardian instead of requesting a copy of the birth certificate through the Birth Verification System (BVS) system. If an EMPOWER Permanency Case Manager obtains a copy of the birth certificate, he or she submits it to the eligibility specialist to serve as documentation of a child's birth and citizenship or alien status when submitting the documentation for the Foster Care Assistance Application.

Please refer to CPS Policy 1520 Obtaining Certified Birth Certificates and Printing Birth Records Screenshots to learn more regarding which type of birth verification is required for specific case management circumstances and the documentation required to support the request.

The Foster Care Eligibility Specialist is the subject matter expert that can assist in getting birth certificates.

The DFPS points of contact for Metroplex East (3E) birth certificates are [Foster Care Eligibility Specialists](#).

Beginning in June 2019, the request for birth certificates for youth who turn age 15 are handled at DFPS State Office. The certified copy (or original) birth certificate, photocopy of the birth certificate, and a cover memo with instructions will be mailed to the EMPOWER Point of Contact. The EMPOWER Permanency Case Manager will deliver the birth certificate to the youth in person and have them sign Form 2527 Personal Documents Checklist – Age 15 or Form 2528 – Personal Documents Checklist – Age 18. In addition, the worker will check the new indicator box on the Child's Plan of Service in IMPACT.

Any birth certificate requests that do not meet CPS Policy 1520 Obtaining Certified Birth Certificates and Printing Birth Records Screenshots guidance prior to the child turning 15 will require EMPOWER to complete the request for the certificate and providing any funds needed.

The EMPOWER Point of Contact for birth certificate related issues is birthcertificate@3empower.org.

[SS-5](#)

When a Social Security Card is needed for a youth in foster care, the EMPOWER Staff will request a Social Security Card for a foster youth in care.

EMPOWER staff will provide the following to the local Social Security Administration office to request the Social Security Card:

- SS-5 Form- needs to be completed and signed by the caseworker. If youth is over 18 and in foster care, youth will need to sign the SSA-5 form.
- Court Orders need to be provided for the child. One of the three examples listed below need to be returned with the request. Copies of court orders are sufficient, but they must be signed.
 - Original Petition
 - Order for Protection
 - Removal Affidavit,
OR
 - Temporary Order following Adversary Hearing
OR
 - Order of Termination
- If this is an original request, meaning the first time a youth has requested a social security card, a copy of the birth certificate will need to be provided.
- EMPOWER staff will need to include their addresses on the application so that the Social Security cards can be mailed directly to EMPOWER staff.

When a child is placed in substitute care, EMPOWER staff must document in IMPACT the:

- Contacts, assessments, and services provided to the child and the child's family.
- Key decisions made, and actions taken during case that affect the child and the child's family.

EMPOWER must enter in IMPACT any face-to-face contact with the child or parent within 24 hours. EMPOWER must enter all other case information into IMPACT as soon as possible, but no later than seven calendar days from the date of the event being documented, unless there are different timeframes to document the event.

Please see CPS Policy above for additional information regarding documentation requirements.

Primary Case Assignment

Between the Child and Family Referral and the 14th day, EMPOWER Permanency Case Manager and the removal worker must cooperate in completing and filing all required legal forms and documents, attending court hearings, and ensuring that all required visits take place. The removal worker can request that the EMPOWER Permanency Case Manager make them secondary on the FSU and SUB Stages if needed. Note that any pre-adversary discovery that may be needed will be primary responsibility of the removal worker and DFPS.

External Case File Transfer

All removal documents and interviews are uploaded to OneCase by the removal worker. Any documents uploaded that do not need to be stored in the original physical format are shredded after performing a quality assurance check to verify files were successfully uploaded and reviewed for clarity and completeness. Documents or audio/video material that should not be shredded after upload or cannot be uploaded due to size or format are sent to the Records and Imaging Operations (RIO) using CaseTrack. This should be done within 7 days of the Adversary Hearing taking place. Documents or audio/video that must be kept in original physical format are safely stored and preserved by DFPS Records Management Group (RMG). If a stored document or audio/video is needed in the future, a request for research is submitted through OneCase in IMPACT.

External Case Documentation

The following documents must be included in OneCase. This list is not all-inclusive. Metroplex East (3E) area may have additional requirements for documents that must be included in the case file. The DFPS worker and EMPOWER Permanency Case Manager must ensure that as they are obtained, the documents are included in OneCase in IMPACT.

- Birth/citizenship records
- Health records, including a copy of any recent medical exams
- School records
- Copies of signed court orders, affidavits, and other court documents
- The court's determination that DFPS made reasonable efforts to prevent removal, reunify the family or seek other permanency goals for a child
- DFPS notice to caregiver of court hearings, PPMs/administrative review. Caretakers include relatives, foster parents, and pre-consummated adoptive parents
- Placement and medical authorizations including medical consent forms
- Designation of education decision-maker
- Correspondence
- Other possible documents, such as photographs, authorizations, and letters

DFPS worker will provide the Educational Portfolio to the caregiver at the time of placement, with any documents available at that time. If the DFPS worker is not present at the time of placement, they may provide the portfolio to the caregiver at any post-placement visits or seek assistance from EMPOWER. EMPOWER Permanency Case Manager is responsible for the monthly review of the educational portfolio and ensuring that it's kept up to date by the placement.

See CPS Handbook §4221.2 CPS Responsibility and Procedure after Receiving a Notification of Abuse or Neglect by Either RCCI or CPI for EMPOWER's responsibility and procedures after receiving a notification on an investigation of abuse, neglect or exploitation of a child in DFPS conservatorship.

If a report involves alleged child-on-child victimization, the EMPOWER Permanency Case Manager must follow the protocols in Appendix 4623: Protocol for RCCI Investigations Involving Child-On-Child victimization in Foster Care.

If the report alleges child sexual aggression, the EMPOWER Permanency Case Manager must follow the protocols in the Sexual Incident History Resource Guide.

See CPS Handbook §4221.3 CPS Protocol During an Investigation Involving a Child in Conservatorship for EMPOWER's responsibility during an investigation.

RCCI Investigations

The RCCI investigation is a separate record that RCCI maintains. After RCCI concludes the investigation, the EMPOWER Permanency Case Manager will save as a PDF and upload to OneCase. (See CPS Handbook §4221.3)

CPI Investigations

CPS Child Safety Specialists

CPS Child Safety Specialists may conduct:

- Multi-Stage staffings when a new Investigation has been opened on an ongoing DFPS case. See [Multi-Stage Staffing Procedures](#).
- Case Reviews as requested by Regional Leadership.
- Provide training.
- Other tasks/job duties as determined by their Lead (supervisor).

Requests for staffings with the CPS Child Safety Specialist should be made to the following:

The CPS Child Safety Specialist Lead is Linda Gomez, linda.gomez@dfps.texas.gov.

When a Mother in an Open CVS Case is Pregnant

[CPS Handbook §6370 When a Mother in an Open CVS Case is Pregnant](#)

The EMPOWER Permanency Case Manager will coordinate a staffing during the 7th month of the pregnancy to discuss any safety concerns. Participants will include:

- EMPOWER Permanency Case Manager
- EMPOWER Permanency Supervisor
- EMPOWER Permanency Director
- INV/FBSS Removal Supervisor (supervisor during the removal of the other children that are in CVS)
- INV/FBSS Removal Program Director

The EMPOWER Permanency Case Manager will document the following information prior to the staffing for discussion:

- Case Name
- Date of Staffing
- Participants
- Due Date or Date of Birth
- Age(s) of Other Children
- Father and his role with unborn child/concerns/positives

EMPOWER staff can take immediate action to have a child removed from a dangerous situation when the child is in DFPS Conservatorship due to the authority provided in the TFC authorizing Community-Based Care. See [Legal Basis for Single Source Continuum Contractor to Act on Behalf of DFPS](#).

There will be situations when EMPOWER is working with a family where some of the children in the family are not in DFPS conservatorship or placed via ICPC and the placement is being supervised by EMPOWER. Should the EMPOWER Permanency Case Manager feel the child(ren) are in immediate danger, the following actions can be taken depending on the severity of situation:

- Staff with EMPOWER Supervisor for direction
- If at risk of immediate physical harm call 911
- Stay on site and call in an intake to Statewide Intake (SWI) and inform of the new safety concerns and that immediate response is needed
- Stay on site. Once Intake reference number is obtained call the local DFPS office for assistance from the on duty INV worker.
- If it is after hours, refer to the On-Call calendar for INV located in IMPACT.

- 4280 Temporary Absence from Paid Placement,
- 4281 Criteria for Paying for Foster Care During a Child's Absence, and
- 4282 Payment Time Frames.

For Foster Care payment approvals, EMPOWER will follow the same approval process outlined in DFPS policy above and TAC 700.323 requiring approval by EMPOWER staff in positions equivalent to DFPS positions identified.

These include:

- EMPOWER Permanency Supervisor and Director of Permanency Services must approve payment for an absence of not more than 14 days.
- EMPOWER Vice President of Permanency Services or Vice President of Intake and Placement must approve payment for an absence between 15 and 30 days.
- CPS Regional Director and Director of Placement must approve payment for an absence between 31 and 90 days
- In unusual circumstances, payments may continue for an absence of longer than 90 days with prior written approval by the CPS Assistant Commissioner or designee.

Approvals will be documented in comment box on the Temporary Absence page for the specific episode that is approved for payment.

See DFPS Temporary Absence from Placement Job Aid for instructions on how to complete the IMPACT entry.

When a Child or Youth is Missing from DFPS Conservatorship

Missing Event

EMPOWER and its provider network will follow the HHSC Minimum Standards for reporting missing children.

If a child in DFPS's managing conservatorship is discovered to be missing, runs away, or is suspected to have been abducted from a substitute care placement, and the child's whereabouts are unknown, the EMPOWER Permanency Case Manager should follow the entire process

identified in the Locating Missing Children in DFPS Conservatorship Resource Guide. Part 1 of the guide addresses steps to be taken when it is discovered a child is missing or runs away and Part 2 covers initial case management actions that must be taken, and Part 3 covers ongoing efforts to recover the child.

- Required notifications include:
 - EMPOWER Vice President of Permanency Services who serves as the EMPOWER Regional Missing Children Coordinator (RMCC), the point of contact for missing children. The RMCC:
 - Oversees and coordinates missing children issues for the region.
 - Helps to ensure assignment of the Special Investigator.
 - Maintains an Excel tracking spreadsheet listing children and youth from the catchment who are missing.
 - Liaisons with DFPS State Office staff on tracking, data reconciliation, policies and protocols, and other needs.
 - EMPOWER Missing Children Email Box: missingchildren@3empower.org.
 - DFPS Special Investigations Points of contact:
 - Dallas: SIRequestRegion03EDallas@dfps.texas.gov;
 - Outlying: SIRequestRegion03EOutlying@dfps.texas.gov
 - Appropriate law enforcement officials in the jurisdiction where the child went missing.

 - EMPOWER Clinical Utilization Team.
 - Special Investigation Department via email -
 - Dallas: SIRequestRegion03EDallas@dfps.texas.gov; Outlying: SIRequestRegion03EOutlying@dfps.texas.gov - after the EMPOWER Permanency Case Manager files a missing person or runaway report with the law enforcement agency (LE) with jurisdiction for the location from which the child went missing and with NCMEC. DFPS Special Investigations notification should include completed CPS Missing Child Preliminary Sheet Form 4100.
 - EMPOWER staff will input any needed information into IMPACT to generate a missing child event.
 - All other persons described in 6151.3 Notification Requirements and Schedule.
 - The EMPOWER Permanency Case Manager must provide these notifications immediately and no later than 8 hours after learning the child is missing.

Discharge from Placement Following Missing Event

- Current placement for a child/youth on missing status can be held/paid for 14 days (five days for emergency shelter placements) with EMPOWER Permanency Supervisor and

Director of Permanency Services approval (See DFPS Policy 4281 Criteria for Paying for Foster Care During a Child's Absence for additional requirements; extended timeframes; [Temporary Absences from Paid Placement Section](#)).

- If the placement is held the placement will remain open and the absence will be reflected on the IMPACT *Missing Child* tab and the *Temporary Absence* tab.

Recovery of the Child/Youth

The EMPOWER Permanency Case Manager and/or the DFPS Special Investigator (SI), whoever made first contact with the child, must interview the child to do the following:

- Determine the reasons the child was absent from care.
- Get information about the child's experiences while absent from care.
- Screen to determine whether the child was a victim of abuse or neglect, or a victim of sex or labor trafficking, while absent from care.

If the interview identifies the child as a victim of a crime, including trafficking, the EMPOWER Permanency Case Manager must immediately, but no later than 8 hours after becoming aware of the victimization, report the situation to local law enforcement and the SI mailbox.

If the child is identified as a victim of abuse or neglect or familial trafficking, the EMPOWER Permanency Case Manager must also notify Statewide Intake to make a report.

If the EMPOWER Permanency Case Manager completes the interview, the Permanency Case Manager must share the information with the SI, and if the SI completes the interview, the SI must share the information with the Permanency Case Manager.

If the reasons the child was missing from care are revealed during the interview, the EMPOWER Permanency Case Manager must, to the extent possible, address those factors in the child's current and future placements.

[Locating Missing Children in CPS Conservatorship Resource Guide](#)

[Runaway Prevention Resource Guide](#)

If a child in DFPS conservatorship is identified as a Confirmed or Suspected-Unconfirmed victim of trafficking, whether familial or non-familial, the caseworker must assess the child's current service array and refer the child to appropriate services, as needed. Confirmed and Suspected-Unconfirmed victims of trafficking must be referred to the local Care Coordination Team (CCT), where local CCT is in operation. The EMPOWER Permanency Case Manager must document the assessment and referrals in a case narrative.

The caseworker must inform local law enforcement immediately, but no later than 8 hours after identifying or suspecting that a child, youth, or young adult (ages 0 – 20) has become or may become a victim of sex or labor trafficking.

All needs and services identified for the child or youth must be addressed in the child's plan of service.

See [Human Trafficking and Child Exploitation](#) for services and resources available to children who are placed in other regions and/or counties.

The caseworker must enter into IMPACT each *Sex or Labor Trafficking* event that is *Suspected-Unconfirmed* or *Confirmed* as a trafficking record on the *Trafficking Detail* page within 48 hours of making the assessment or receiving notification.

A trafficking event is *Suspected-Unconfirmed* when specific information regarding the child or youth and the surrounding circumstances creates a reasonable belief that the child or youth has been trafficked. Note: A runaway episode, in and of itself, is not equal to *Suspected-Unconfirmed*.

A trafficking event is *Confirmed* when evidence supports the conclusion that the child or youth has been trafficked. Note: The supporting evidence must be more than just an allegation or suspicion and does not have to be a direct outcry from the child or youth.

Each trafficking event should only have one entry on the *Trafficking Detail* page, unless a *Suspected-Unconfirmed* event is later confirmed, in which case there would be both a *Suspected-Unconfirmed* and a *Confirmed* event listed.

DFPS Protocol for Care Coordination

On February 11, 2020, the DFPS Protocol for Care Coordination (CCT) was launched. The DFPS Protocol for Care Coordination outlines the agency's expected and coordinated response when working with a specific Texas Care Coordination Team. All staff are required to comply with the Protocol for Care Coordination when a child is placed in a county with an active Care Coordination Team.

The Protocol for Care Coordination addresses how DFPS collaborates with other anti-trafficking partners in identification and recovery of victims and subsequent service provision using the following:

- Care Coordination Teams
- Advocate Agencies for Human Trafficking and Commercially Sexually Exploited Youth

The DFPS Protocol for Care Coordination excludes: Bexar, Dallas, Harris, Travis, and Tarrant counties who are operating under the DFPS Human Trafficking Response Protocol.

Commercial Sexual Exploitation-Identification Tool (CSE-IT)

West Coast Children's Clinic developed the Commercial Sexual Exploitation – Identification Tool (CSE-IT – pronounced "see it"), a screening tool that aids in detecting risk of sexual exploitation. The tool is designed to ensure early identification of sexual exploitation and protect youth from prolonged abuse and violence. It is not diagnostic but rather a tool which prompts additional information gathering and interventions if problems or concerns are identified. The CSE-IT is not an interview guide, but a series of questions around eight key indicators (see chart below) that providers consider about the youth's circumstances. It is never conducted in the presence of a child and/or youth. The CSE-IT should be used as a guide to identification and should not be the sole source for deciding whether the youth is being sexually exploited. The completed CSE-IT will result in a total number that indicates the youth's level of risk as: No Concern, Possible Concern, or Clear Concern. It is not intended to meet investigative, statutory, legal, or other criteria specific to other applications. EMPOWER Supervisors in Dallas County will continue to use the CSE-IT tool and EMPOWER will support future expanded implementation.

Human Trafficking Response Protocol

All staff are required to comply with human trafficking protocols outlined in the DFPS Human Trafficking Response Protocol (HT Protocol). Currently applicable to Bexar, Dallas, Harris, Tarrant, and Travis Counties only. The protocol addresses:

- Victim identification using the Commercial Sexual Exploitation-Identification Tool (CSE-IT), a validated screening tool to aid in accurately detecting sexual exploitation.

- Service planning for youth at risk and identified victims of sex trafficking.
- How DFPS collaborates with other anti-trafficking partners in identification and recovery of victims and subsequent service provision.

The HT Protocol outlines the expected response in three critical areas:

- Human Trafficking Investigations - when the alleged perpetrator is traditionally responsible for a child's care, custody, or welfare such as family member, or an adult living in the home of an alleged child victim.
- At Risk Youth - all children in DFPS conservatorship who are 12 years or older in age, with five or more placements.
- High Risk Youth - children 10 years and older, in DFPS conservatorship who are missing, or on runaway status.

Youth Recovery Meeting

A Youth Recovery Meeting is to engage a child/youth returning from runaway status and identifying support in creating a plan to address the child/youth's fears and concerns and increase the likelihood of him or her remaining in a safe placement.

Process

As soon as a child or youth in foster care is located and back in DFPS care, the EMPOWER Permanency Case Manager and Permanency Supervisor will immediately notify all legal parties (CPS Attorney, CASA, Ad-Litem, Legal Parents and Parent's Attorney(s)).

Notification will also be sent to placement@3empower.org so the Family Engagement Staff can offer and organize a Youth Recovery Meeting. During the Youth Recovery Meeting, the team will work with the child/youth to process the reason for running away, concerns about their experience in foster care, and any solutions to prevent him or her from running away in the future. If the youth has a Care Coordination Team Meeting, and they participate in the meeting when they are recovered, that this counts in place of the Youth Recovery Meeting.

These meetings will be scheduled as soon as possible. The goal is to hold the meeting within 24 to 48 hours from the time the child/youth returned to DFPS Care.

The following individuals should be invited to participate in these meetings:

- Child/Youth
- EMPOWER Permanency Case Manager
- EMPOWER Permanency Supervisor
- CPS Legal
- EMPOWER Legal
- Attorney Ad-Litem
- CASA

- Guardian Ad-Litem
- Legal Parents (if no Termination of Parental Rights (TPR))
- Parent Attorney(s)
- Placement (if one has been secured)
- PAL
- Youth Specialist
- Child Advocate, if assigned

Subsequent Meeting

In the event a child/youth runs away after their initial Wrap Around Meeting, the Permanency Case Manager, Permanency Supervisor, and Director of Permanency Services should evaluate the previous goals and tasks developed to assess whether another meeting should be held to develop new strategies. If follow-up is not required for the goals and tasks of the previous Emergency Transition Plan Meeting another meeting may not be necessary. The child welfare team should make attempts to get the child/youth to recommit to the current plan and continue making efforts toward accomplishing the goals and tasks.

Subject Matter Expert Support in Providing Services to Children and Families

These DFPS support positions are a resource to DFPS and SSCC's operating under a Community-Based Care model. This is intended to be a resource to help EMPOWER identify DFPS positions that may be able to aid or expertise.

Behavioral Health Specialists

[Mental Health Safety Net Page](#)

The Behavioral Health Specialists, specializing in Trauma Informed Care, act as a primary liaison between DFPS and SSCC direct delivery regional staff, DFPS State Office staff, service providers and stakeholders. Their purpose is to raise awareness and improve access to services for children in CVS or children in families receiving FBSS services when there is a history of trauma and behavioral health needs related to child abuse and neglect. We aim to foster and promote collaboration across child welfare systems. We want to collaborate with local court systems, SSCC staff, community stakeholders, and Star Health to coordinate behavioral health/trauma informed training for DFPS staff.

Trauma Informed Care Program Specialists

[Trauma-Informed Care Safety Net page](#)

The CPS Trauma Informed Care team supports children and youth in DFPS conservatorship, and their families, by providing guidance for staff and stakeholders on trauma informed practices that can help reduce negative outcomes for youth and families.

The Trauma Informed Care Program Specialists can:

- Provide guidance for staff or stakeholders in trauma-informed methods to parent and engage children, help ensure an application for placement contains strength-based language, and identify trauma informed services and community supports.
- Provide training on areas of trauma-informed care and secondary trauma. The team participates in meetings for problem resolution, family group conferences, and placement preservation meetings to provide input regarding trauma informed care best practices for work with families.
- Provide support to kinship caregivers, including information and guidance on issues related to caregiving for children with experiences of trauma.

The Developmental Disability Specialists (DDS) are regional subject matter experts and liaisons when an infant, child or youth is suspected or diagnosed with an intellectual and/or developmental disability (IDD).

When to contact the DDS?

- Whenever there is an infant, child, or youth that comes into care, at any stage, who is diagnosed with IDD or you suspect an IDD is present. *
- If you are unsure if an infant, child, or youth has IDD and you would like a consultation.

Why contact the DDS?

There are a number of reasons why DFPS and/or SSCC staff might want to contact the Developmental Disability Specialist. Not only are they experts in the field of IDD, but they also

maintain regional and statewide resource networks and contacts specific to infants, children, and youth with IDD.

DDS can:

- Provide training and support to staff about working with infants, children, and youth with IDD.
- Serve as liaisons between DFPS, SSCC and Health and Human Services for community-based services through the youth's Local Intellectual and Developmental Disability Authority (LIDDA). This includes:
 - Making referrals to the Medicaid waiver interest list for long-term services and supports.
 - Making referrals to HHSC Office of Guardianship, if appropriate.
 - Making referrals for Home and Community Services (HCS) for youth and facilitating referrals for Determination of Intellectual Disabilities (DIDs).
 - Referring to and participating in Community Resource Coordination Groups (CRCG's).
- Address the unique challenges of young adults transitioning out of care into the community and help address resources needed for future support.
- Serve as consultants to DFPS/EMPOWER staff regarding cases and participate in transition planning meetings, case reviews, circles of support, and permanency conferences.
- Assist in locating and facilitating the placement process for youth needing specialized placements. These specialized placements can include:
 - Intermediate Care Facilities (ICF-IDD)
 - State Supported Living Centers (SSLC)
 - Nursing Facilities
 - Home and Community Based Services (HCS)
 - General Residential Operations (GRO)
 - Mission Road Developmental Center.

Education Specialists

Faith-Based and Community Engagement

Faith-Based and Community Engagement

The Faith-Based and Community Engagement (FBCE) division engages faith-based, community partners and individuals to assist vulnerable children, adults, and families. FBCE's goals and strategies fall into five overarching objectives:

- Foster key partnerships
- Promote community awareness
- Strengthen volunteer and intern engagement
- Effectively manage resources
- Develop and maintain the Faith-Based and Community Engagement workforce

FBCE is comprised of a unique staffing structure that supports effective oversight and delivery of services to vulnerable Texans through outreach to and engagement of communities. Regional community engagement staff work collaboratively with regional administrators and program leadership to support Child Protective Investigations, Child Protective Services, Adult Protective Services, Statewide Intake, and the Youth and Parent Helpline. These staff support the work of each program by coordinating with local faith-based and community entities to acquire resources for families through the resource rooms, known as Rainbow Rooms serving children, and Silver Star Rooms serving vulnerable adults. Additionally, state office staff support the work of regional staff, provide guidance and technical assistance for placement of volunteers and interns, and oversee policy for the division.

Programs and Services

FBCE staff provide a wide range of programs and services designed to support the agency, our communities, and most importantly, the individuals and families we serve. We do this through public and partner education, outreach and partnership development, coalition and relationship building, volunteer engagement, and resource coordination.

Public and Partner Education

The FBCE division is tasked with providing training and education to stakeholders and the community about abuse, neglect, and exploitation. FBCE coordinates with program to provide "101" trainings on investigations, family services, adult abuse, neglect, and exploitation, mandatory reporting, and others. These presentations are delivered both in person, and virtually. Additionally, FBCE staff coordinate awareness events throughout the year including Child Abuse Prevention and Elder Abuse Awareness months, among others.

Outreach and Partnership Development

FBCE staff establish and strengthen connections between DFPS programs, community partners, and resources to help meet the needs of clients throughout the state. To do this, FBCE staff

strive to understand Texas communities, available resources and client needs; coordinate with DFPS programs to develop strategies that guide interactions and develop strong partner relationships; build and sustain formal and informal communication networks to maintain relationships and strategically leverage resources; and mobilize communities and partnerships to support clients.

Coalition and Relationship Building

Building relationships is an integral part of the Department's community engagement efforts. To support this work, FBCE staff are knowledgeable of their perspective coverage areas and identify key community members who are essential in providing wrap-around support to clients. In addition to relationship building through engagement efforts, FBCE staff support locally led coalitions such as Child Welfare Boards and Adult Protective Service Boards to work together to create better outcomes for DFPS clients.

Volunteer and Intern Engagement

The FBCE division recruits, trains, and manages volunteers and interns to support the overall infrastructure of the Department. Volunteers and interns serve in a variety of capacities including direct service, outreach and special events, resource room support, and group events.

Resource Coordination

Emergency resource rooms, known as Rainbow Rooms for children and Silver Star Rooms for adults, provide 24/7 access to a store-like setting where caseworkers can "shop" for necessities and emergency resources to support their clients. Dedicated FBCE staff known as Rainbow Room Coordinators support over 100 emergency resource rooms around the state. FBCE utilizes partnerships with faith communities, corporate groups, nonprofits, and others to stock resource rooms with new, unused items. This ability to leverage resources helps DFPS program staff ensure the children, vulnerable adults, and families have the resources needed for their safety, permanency, and well-being.

Fatherhood Initiative

Fathers Matter: The Responsible Fathering Initiative

The goal of the Texas Fatherhood Initiative is to build greater capacity within DFPS to serve fathers by shedding light on effective models of service that engage fathers, even fathers not currently living in the home with their children or currently are not actively involved in their children's lives.

The DFPS Fatherhood Specialist compiles a report of cases that do not list the child(ren)'s father and will provide that report to EMPOWER. The Fatherhood Specialist is available to provide consultation and technical assistance regarding engaging fathers in cases, conducting fatherhood roundtables, facilitating meaningful conversation with fathers, as well as providing

presentations for staff and community members. The Fatherhood Specialist is available to be a panelist or presenter for regional conferences.

CPS Texas Juvenile Justice Department (TJJD) Liaison

[CPS Liaisons to TJJD Safety Net page](#)

Child Protective Services (CPS) provides regional liaisons to the Texas Juvenile Justice Department (TJJD) and to local and county juvenile probation departments (JPD). TJJD is an agency created in 2011 by merging the Texas Youth Commission (TYC) and Texas Juvenile Probation Commission (TJPC). The liaisons are responsible for:

- Working with DFPS state headquarters to address questions, issues, and concerns raised in the regions by CPS, TJJD, or local/county JPDs.
- Reviewing monthly TYC and JPC reports in IMPACT (the DFPS case management system) and forwarding information from those reports to caseworkers.
- Ensuring that caseworkers maintain accurate information in IMPACT about CPS children adjudicated to TJJD or county juvenile probation departments.

Immigration Specialists serve as subject matter experts. The Immigration Specialists identify and track children with immigration needs who are in DFPS care.

Nurse Consultant

[Nurse Consultants Safety Net Page](#)

Related Resources and Policy:

[Medical Services Resource Guide](#)

CPS nurse consultants consult with and educate DFPS and SSCC staff about health care issues related to children on their caseloads. They are licensed registered nurses who provide support and guidance but do not function in a clinical direct patient care role for the agency. DFPS and SSCC staff in all stages of service can consult with the Nurse Consultant regarding any question, concern, or issue that may arise related to the medical needs, treatments, medications, or medical recommendations pertaining to the children on their caseloads. Nurse consultants' primary duties include providing one on one consultation to caseworkers, reviewing medical records, and interpreting medical information, and providing education. Nurse consultants also assist with Psychotropic Medication Utilization Reviews (PMURs) and act as a liaison for the Forensic Assessment Center Network (FACN).

Advocacy for Children's Healthcare Needs

The DFPS Nurse Consultant may advocate for DFPS and/or SSCC staff and children receiving DFPS services by discussing the medical needs of children with medical and special needs in all open cases and making recommendations. The DFPS Nurse Consultant accomplishes this by:

- Participating in staffings.
- Engaging in discussions with the children's direct medical providers.
- Attending meetings, such as Family Team Meetings (FTM), Family Group Conferences (FGC), regional removal staffings, case staffings involving children with medical needs, hospital staffings, child death reviews, etc.
- Reviewing medication concerns and PMUR recommendations
- Consulting on cases and reviewing medical records upon request.

How to Request Assistance from Your DFPS Nurse Consultant

The EMPOWER Permanency Case Manager may request assistance from the DFPS Nurse Consultant in person, or by phone or email. Regional staff should consult with the DFPS Nurse Consultant covering their region regarding the best way to make a referral.

The Forensic Assessment Center Network (FACN) is comprised of physicians who specialize in child abuse and neglect. They provide case consultation, including medical evaluations, expert witness testimony for court proceedings, and training to DFPS.

- In most instances, staff consult the FACN about an original incident of abuse that was investigated or assessed.
- For instance, if FBSS/Permanency staff is working on a case, identifies additional information about the original incident, and needs clarification from the FACN, it would be appropriate for FBSS/Permanency staff to consult the FACN.
- If any staff needs court testimony, staff may consult the FACN to see if the FACN can provide appropriate support.
- It is also appropriate to consult the FACN when staff has general ongoing medical questions pertaining to specific cases.
- Staff may not use the FACN for direct examinations of children or for medication services to children in DFPS conservatorship.

Psychiatric Hospital Workers

Related Resources and Policy:

[Psychiatric Hospital Contact Protocol](#)

Psychiatric Hospital Workers serve as advocates, liaisons, and expert coordinators between local psychiatric care centers and DFPS/EMPOWER staff in providing the best acute psychiatric treatment outcomes for children in DFPS conservatorship.

These staff are solely dedicated to ensuring continuity of care and services for a youth experiencing an acute psychiatric hospital stay, with the aim of reducing the length of the hospital stays and positively impacting the permanency and well-being outcomes for every child. Psychiatric Hospital caseworkers are available to provide consultation and/or liaison support for EMPOWER Permanency Staff who have a child or youth admitted for an acute psychiatric hospital stay.

[Kinship Collaboration Group Safety Net Page](#)

Statewide Parent Collaboration Group (PCG)

The statewide Parent Collaboration Group (PCG) is a partnership between the Texas Department of Family and Protective Services (DFPS) and parents who have been recipients of DFPS services. The PCG is a venue for gathering and incorporating parental feedback to enhance DFPS policy and practice. EMPOWER will identify a representative to participate in this group to represent their catchment. EMPOWER will also aid in recruiting parents to be a part of this group as needed.

The PCG provides:

- Information to staff regarding what parents' experience as recipients of DFPS services.
- Recommendations for improvement.

Local Parent Support Group

The local Parent Support Groups (PSGs) are informational support groups for parents receiving family-based safety services (FBSS) or conservatorship (CVS) services. These groups are led by a parent who has successfully navigated the DFPS system, INV/FBSS, and EMPOWER designee

Local PSG meetings are held at least once a month in communities around the state, and provide:

- Information about the DFPS/EMPOWER system.
- Hope and support.
- Engagement and encouragement, including the personal story of the parent leading the group.
- A short question and answer session.
- Information about various community services.

Referrals to Parent Support Groups

It is the EMPOWER Permanency Case Manager's responsibility to ensure that parents being served by DFPS/EMPOWER are aware of the local PSGs in their area. Regional fliers and information are available from regional DFPS liaisons.

Local Kinship Collaboration Group

The Kinship Caregiver Collaboration Group, or KCG, model provides a mechanism to include Kinship Caregivers who have received services from DFPS in the design, implementation, and evaluation of DFPS programs. This initiative encourages collaboration with Kinship Caregivers who are affected by the DFPS service delivery system and provides a unique and valuable perspective on how to improve services to families and children.

SSI Coordinators

[SSI Coordinators Safety Net Page](#)

SSI Coordinators are responsible for applying for SSI Benefits for children in foster care who may have a disability. SSI Coordinators also serve as a point of contact with the Social Security Administration regarding children in DFPS conservatorship who are on SSI or RSDI.

State Office Divisions Collaboration

Divisions within DFPS State Office will add representatives from EMPOWER to existing workgroups and communications. Example, EMPOWER Vice President of Permanency will be invited to participate in Conservatorship Program Administrator calls and meetings. EMPOWER will also be added to communication d-lists as needed to ensure they are receiving information related to service families and children.

Additionally, program specialists and subject matter experts from DFPS divisions in State Office will be available to provide support and technical assistance to EMPOWER just as they provide support and technical assistance to regional conservatorship programs.

Substance Abuse Specialist

[Substance Abuse Safety Net Page](#)

Substance abuse specialists support DFPS practice in working with children and families with substance use disorders throughout each stage of service. They are subject matter experts who assist staff in providing technical assistance relating to protocol, policy, and practice regarding substance use, abuse, and treatment.

Substance abuse specialists can provide technical support to staff regarding substance use and drug testing options. They can help with service planning activities to identify needed services for families impacted by substance use, and facilitate communication with staff and local Outreach, Screening, Assessment, and Referral Centers (OSAR's).

Well-Being Specialist (WBS)

[Well-Being Specialists Safety Net Page](#)

[CPS Medical Services Safety Net Page](#)

Well-Being Specialists are subject matter experts who assist DFPS/EMPOWER staff, caregivers, and STAR Health in addressing basic and specialized behavioral and physical healthcare needs for children in all stages of service, including dental, vision, and pharmacy services. Their primary duties include troubleshooting for complex cases related to physical and behavioral health needs, serving as the DFPS Liaison to Superior for STAR Health services and facilitating primary medical needs staffings.

Well-Being Specialist duties and responsibilities include, but are not limited to:

- Troubleshooting for Complex Cases related to Physical and Behavioral Health Needs.
- Participate in placement staffings to assist placement staff with resolving barriers to placement, particularly in cases where children have special physical or behavioral health needs.
- Assist staff and caregivers in resolving medical billing issues.
- Respond to psychotropic medication concerns through education and coordination.
- Ensure there is no interruption or delay in services for the child by coordinating communication between medical providers, STAR Health, and staff.
- Assist workers in obtaining prescription medications for children and young adults.
- Identify medical barriers to placement and request recommendations for on-going treatment through consultation with medical staff.
- Work closely with caseworkers and eligibility staff around Medicaid eligibility issues.
- Assist staff with out of state access to healthcare services for children placed through the Interstate Compact on the Placement of Children (ICPC) process.
- Assist DFPS/EMPOWER staff and caregivers in addressing any denial of services by STAR Health.

DFPS Liaison to Superior/Cenpatico

- Serve as Subject Matter Experts for STAR Health, Medical Consent policy, Medicaid policy, and the “3 in 30” (Texas Health Steps, CANS and 3 Day Medical Exam).
- Respond to STAR Health inquiries, including medical consent confirmations, service management denials, refusal of Texas Health Steps Outreach by Kinship family, Eligibility issues, and outreach to staff.
- Manage provider complaints and quality of care concerns.

Child Specific Staffings

- Coordinate and facilitate Primary Medical Needs (see the Primary Medical Needs Resource Guide) and Medical staffings for any child entering DFPS conservatorship or changing placements, who has specialized medical needs, for the purpose of ensuring the child's medical needs are met.
- Participate in placement staffings with STAR Health and Placement to trouble shoot barriers to placements for medically fragile youth.

- Participate as needed in:
 - Initial Coordination Meeting
 - Circles of Support
 - Family Team Meetings
 - Case Planning Meetings

Helping through Intervention and Prevention (HIP)

[Form 3105 Service Referral for Youth Parents and Pregnant Youth in DFPS Conservatorship](#)

The HIP Program (Helping through Intervention and Prevention) provides support services to high-risk families with newborns. The program offers voluntary services to families that increase child safety and well-being, as well as prevent child abuse by providing an extensive family assessment and home visiting programs that include parent education and basic needs support to eligible families.

To make a referral for youth who are pregnant or parenting in conservatorship, the caseworker or another individual involved in the youth parent's case should complete Form 3105 Service Referral for Youth Parents and Pregnant Youth in DFPS Conservatorship. Email the form to HIP@dfps.texas.gov with the subject line "CPS HIP referral".

Rees-Jones Clinic Health Care Liaisons

The CPS Healthcare Liaison will work with a multi-disciplinary, integrated healthcare team dedicated to serving children involved in foster care who receive healthcare at Children's Medical Center at the Rees Jones Foster Care Clinic. The Foster Care Clinic serves children in all stages of care including adoption and PMC cases that have closed. As a member of the multidisciplinary team, the Liaison will facilitate access to pertinent and timely information from a child's CPS, EMPOWER and child placing agency caseworker to the child's healthcare team. The Liaison will work collaboratively with CPS staff, EMPOWER staff, stakeholders, and healthcare professionals to promote optimal outcomes in child health, healthcare access, child well-being, education, and permanency. The Liaison performs advanced consultative services and technical assistance work; and works under limited supervision, with considerable latitude for the use of initiative and independent judgment. The position interacts routinely with children, placement families, representatives from various organizations, Texas Department of Family and Protective Services, EMPOWER and the general public.

Purchased Client Services

Related Resources and Policy:

[Authorizing Purchased Client Services in CBC Resource Guide](#)

DFPS authorizes EMPOWER to provide purchased client services as part of the Family Referral process. When a Family Referral is created in IMPACT, the system also creates a series of service authorizations that allows EMPOWER to provide purchased client services, and for EMPOWER to be reimbursed by DFPS for those services provided. This is commonly referred to as the 71 series of service authorizations. It is critical that a Family Referral be created by the removal worker at the time of removal and that all principals are added. The EMPOWER should ensure this is completed to enable these authorizations.

Payment for Purchased Client Services Selected by Parents

Source:

[Texas Family Code §263.1021](#)

Parents who are court-ordered to complete a service plan during a child protection case are allowed by statute to select their own service provider if they do not wish to use the provider selected by and contracted with the SSCC. The parent-selected service provider must:

- Be appropriately licensed or qualified to provide the applicable service,
- Meet the goals of the service as stated in the service plan, and
- Certify in writing whether the parent satisfactorily completed the service.

If the parent-selected service provider can meet these requirements, the SSCC reimburses the provider in an amount equal to the average cost for the service as contracted by DFPS. The SSCC should reimburse the provider using funding provided by DFPS for purchased client services.

Caseworkers should be aware that this only applies to services for parents. Other family or household members who participate in court-ordered services are not eligible to select their own service provider in order to complete the service plan.

Kinship Daycare Services

EMPOWER may request Kinship Child Daycare for a child in DFPS conservatorship who is placed with kinship caregivers if:

- There is an approved kinship home assessment on file for caregivers who are not verified or licensed foster care providers.
- The caregivers have signed Form 0695 Kinship Caregiver Agreement.
- The caregivers are employed either inside or outside the home, work at least 40 hours per week and provide employment verification.

To request Kinship Daycare Services, follow the above [Daycare Process and Procedures](#) above including the Kinship Caregiver information instead of the foster parent.

General Protective Child Daycare

General Protective daycare can be used for a Kinship placement of a child in DFPS conservatorship where the caregivers do not have an approved home study or have not signed the caregiver agreement when:

- The child is 6 years or younger by September 1.
- Where all caregivers are employed and work at least 40 hours per week.
- Caregivers must complete and sign Form 1809 Foster/Relative & Other Designated Caregiver Daycare Verification.
- Maintain the placement of a child in DFPS conservatorship with a kinship caregiver who does not meet the eligibility criteria for Kinship Child Day Care, but only if approved by the DFPS program administrator or a designee other than the DFPS regional day care coordinator.

To request General Daycare Services, follow the above [Daycare Process and Procedures](#) above including the Kinship Caregiver information instead of the foster parent.

Family Reunification Cases

Where the children are living with their parents there is no work requirement. Children are eligible as outlined in [8235.3 General Protective Child Day Care](#).

To request Daycare Services, follow the above [Daycare Process and Procedures](#) above including the Reunification Caregiver information instead of the foster parent.

Responsibility for Contact and Services Across Regional Lines

When a child/ youth, or parent resides outside of the region that has legal jurisdiction, DFPS/EMPOWER can request to maintain contact, provide services, and monitor the child's or youth's safety:

- Courtesy supervision
- Courtesy contact with incarcerated parent
- Local Permanency Supervision
- Kinship services including home assessments and addendums
- Kinship Adoption Studies
- Adoption Preparation Services
- Adoption Supervision Service

Note: Children legally from Metroplex East (3E) requiring kinship services in Metroplex West (3W) will be served by EMPOWER unless alternate agreements are reached between EMPOWER and OCOK.

Courtesy Supervision

When a DFPS/EMPOWER unit provides courtesy supervision, the unit providing the supervision must:

- Maintain the required contacts with the parent and child; and
- Follow the procedures in 6411 Contact with the Child and its sub items.

DFPS units outside Metroplex East (3E) area may make request for supervision assistance from EMPOWER and likewise, EMPOWER may make request for supervision assistance from DFPA units outside of the Metroplex East (3E) area.

Courtesy Services within Metroplex East (3E)

The primary kinship, conservatorship, or adoption caseworkers in Metroplex East (3E) will continue to serve youth in their legal county that are placed in any county in Metroplex East (3E). DFPS staff in Metroplex East (3E) and EMPOWER staff will not utilize courtesy services for youth that are placed in any county in Metroplex East (3E).

For example, if a youth's legal county is County A, but the youth resides in a placement in a Metroplex East(3E) county, the youth's primary caseworker will continue to provide all services

to that youth. If a youth's legal county is County B (Metroplex East (3E) catchment area), but the youth resides in a placement in county A, the youth's primary caseworker will continue to provide all services to that youth. Kinship, conservatorship, and adoption cases served by DFPS or EMPOWER will follow this procedure. DFPS and EMPOWER will continue to collaborate on a case-by-case basis if a courtesy or emergency request is needed.

DFPS/EMPOWER can request courtesy supervision when a parent is residing outside of the region and/or when a child or youth in conservatorship is placed outside of the region that has legal jurisdiction and is residing with a parent.

Process For Transferring A Legal Case Between EMPOWER and DFPS

If...	Then...
A Court/Judge orders a case to transfer from Metroplex East (3E) area to another area. See DFPS Regional Resources if area is not a CBC area, or the CBC SafetyNet page if it is a CBC area	<ul style="list-style-type: none">• The EMPOWER Permanency Case Manager notifies their chain of command up to the EMPOWER Vice President of Permanency Services.

If...	Then...
	<ul style="list-style-type: none"> • The EMPOWER Vice President of Permanency Services will verify the receiving court has accepted the case. • The EMPOWER Vice President of Permanency Services notifies the receiving area's Program Administrator of case transfer by email within 2 business days.
A Court/Judge orders a case to transfer from a DFPS/SSCC area to Metroplex East (3E) area.	<ul style="list-style-type: none"> • The sending area notifies their chain of command up to the Program Administrator. • The Program Administrator will verify the Metroplex East (3E) court has accepted the case and scheduled a hearing. • The sending Program Administrator notifies the EMPOWER Vice President of Permanency Services of case transfer by email within 2 business days.

The EMPOWER Vice President of Permanency Services and the other area's Program Administrator or designee must set up a case staffing/transfer between the sending and receiving area within 5 business days of notification.

Attendees should include Permanency/Program Directors, Supervisors, and case manager/caseworkers.

- Legal representation for both the sending and receiving counties (Regional attorney, county attorney or ADA) should be notified and invited to staffing.
- Staffing should result in a plan with identified tasks, timeframes, needs of children, youth and family members, and who will be responsible for them.
- All participants will receive a copy of the agreed upon plan developed from the staffing (the sending region should be responsible for taking notes) and a copy of the transfer order if available.

A case is not officially transferred from one region to another until:

- A judge signs an order to transfer the case, the court file is received by the receiving county and docketed for a court hearing.
- The Permanency Director/DFPS Program Director for the receiving region must regularly follow up with the attorney to determine if the case has been received.
- The case is reviewed by the sending and receiving supervisors to ensure that all agreed-upon tasks have been completed. Once the supervisors agree that tasks are complete the case is reassigned to the receiving region in IMPACT. The paper case file must be sent to

receiving region within 1 business day after the case is assigned to the receiving region in IMPACT.

- When the case transfers the receiving region will need to update the following in IMPACT:
 - Update the Legal Status to reflect the County, Court and Cause Number the case transferred to.
 - Enter a Legal Action for the Transfer of Jurisdiction.
- If the case is transferring from EMPOWER to a DFPS/SSCC region, then EMPOWER staff will need to end the EMPOWER child and family referrals as well as the EMPOWER Service Authorizations in IMPACT before assigning the case to the receiving DFPS/SSCC staff.
- If the case is transferring to EMPOWER from another region, EMPOWER will create an SSCC referral once they are made primary on the case.

Paying for Court-Related Services

Resources to cover legal expenses varies by Individual County in the Metroplex East (3E) area. Examples of legal services which may incur a fee from the service provider include, but are not limited to:

- Mediation
- Out of State service
- Private Process service
- Court Reporter
- Court transcripts
- Witness travel
- Expert witness testimony
- Citation by Publication postings

For any legal services that are required by the court and not covered through Purchased Client Services funding, STAR Health, or county funds, EMPOWER will decide, in coordination with the Contract Administration Manager (CAM), on how the services will be paid.

If the decision is that DFPS will pay the provider, EMPOWER will submit the following items as soon as possible to the CAM:

- Detailed description of the specific legal service that includes the court information, cause number, and case ID.
- Copy of the invoice or bill from the person or entity providing the service.

The DFPS CAM will create a requisition for payment through CAPPs Financial.

See also [Payment for Purchased Client Services Selected by Parents](#).

Referring Cases to the Office of the Attorney General for Paternity Testing

The Office of the Attorney General (OAG) is responsible for paternity testing.

When the court orders paternity testing in a foster care case in Metroplex East (3E) the EMPOWER Permanency Case Manager must thoroughly complete Foster Care Referral to the Office of the Attorney General and return the form to the OAG Office. This process may vary depending on the court and/or county procedures.

Court Orders for Healthcare Related Treatment and Services

When a court orders a healthcare service, treatment or testing for a child in DFPS conservatorship, or enters an order that declines to follow the recommendation of a health care professional who has been consulted regarding a health care service, procedure, or treatment for a child in DFPS conservatorship, EMPOWER Permanency Case Manager will take the following steps immediately:

- Notify the EMPOWER Permanency Supervisor about the order. The EMPOWER Permanency Case Manager and supervisor will notify the attorney representing DFPS/EMPOWER if there is a concern that the order needs to be appealed in any way.
- Notify the regional [Well-Being Specialist](#) and provide a copy of the written order when it is received.

Completed court orders will be escalated by the Well-Being Specialist to STAR Health. They will be tracked with communication going back and forth between a STAR Health Liaison and the Well-Being Specialist. Note, verbal court orders will not be accepted by STAR Health and court orders must be signed to be considered complete.

Exceptions: Court-Ordered Medical Services Not Covered by Medicaid or STAR Health

If the judge orders a child to undergo a specific type of medical service, treatment, or testing that may not be covered by Medicaid, EMPOWER will take the following steps:

- Immediately inform the attorney representing DFPS/EMPOWER (within 3 days of the court's rendering of the order) that EMPOWER cannot guarantee a doctor will agree to order the specific service, treatment, or test. This allows the attorney to take immediate action in court to inform the judge or pursue legal remedies, such as asking the judge to reconsider the order.
- If and when the court order is issued, inform the child's Medical Consenter (if it is someone other than the EMPOWER Permanency Case Manager) about the order, and direct him or her to:
- Ask the doctor to order the service, treatment, or test at the child's next visit with a STAR Health general practitioner.

- Make sure the doctor knows that EMPOWER has been told that Medicaid does not generally cover the service, treatment, or test.
- Encourage the doctor to request prior authorization and confirm medically necessary coverage before ordering the service, treatment, or test.

Doctor Refuses to Order Medical Services, Treatments, or Tests

If the doctor refuses to order the service, treatment, or test, EMPOWER Permanency Case Manager will immediately get the doctor to provide written documentation of the doctor's refusal.

EMPOWER Permanency Case Manager will provide the doctor's documentation to the attorney representing DFPS/EMPOWER. Ensure that the documents are filed with the court and provided to the parties in the case.

EMPOWER Permanency Case Manager will file the documentation in the case record.

Doctor Orders Medical Services, Treatments, or Tests

If the doctor orders the service, treatment, or test, EMPOWER Permanency Case Manager will notify the supervisor and inform the attorney. At the next court hearing where medical care is discussed, EMPOWER Permanency Case Manager will report back to the judge the results and any subsequent medical care the doctor prescribes.

When Medicaid Does Not Pay

When Medicaid will not pay for the service, treatment, or test, EMPOWER will decide, in coordination with the CAM, how the provider will be paid. If the decision is that DFPS will pay the provider, EMPOWER will submit the following items as soon as possible to the CAM:

- Signed copy of court order directing that the child be provided the specific medical service, treatment, or test.
- Proof that Medicaid denied paying the claim (an email from the provider is sufficient).
- Copy of the invoice or bill from the laboratory or provider.

The DFPS CAM will create a requisition for payment through CAPPs Financial.

When Medicaid Does Pay

If Medicaid does pay for the service, treatment, or test for a child, no documentation needs to be sent.

Follow this process for all new judicial orders in any region, at any kind of hearing, directing specific medical care that may not be a part of STAR Health coverage.

Related Resources and Policy:

[DFPS Subpoena Policy for Single Source Continuum Contractors](#)

The DFPS Subpoena Policy for Single Source Continuum Contractors explains the procedures to be followed when a party:

- seeks information for the purpose of serving an SSCC employee or the custodian of records with a subpoena regarding a DFPS case; or
- has served an SSCC employee or custodian of records with a subpoena regarding a DFPS case.

Subpoenas for DFPS Records in Open and Closed Cases

When a subpoena is directed to a SSCC caseworker regarding a pending or closed DFPS matter or concurrent criminal case, the caseworker follows the procedure described in Section 2000 of the DFPS Subpoena Policy for Single Source Continuum Contractors.

These matters are highly time sensitive. Subpoenas must be sent to the reg03subs@dfps.texas.gov mailbox within two (2) hours of receipt by the caseworker.

Subpoenas for Contractor Records

SSCC Contractors have separate records not maintained by DFPS. For subpoenas received by a contractor for personnel records or records maintained by the contractor, DFPS may give guidance as to how DFPS legal handles such requests generally but will then refer the contractor to the SSCCs' in-house counsel for specific instructions and legal advice.

Legal Liaison Support

The CPS Legal Liaison team supports permanency for children and will continue to provide support in collaboration with EMPOWER. Examples of supportive activities can include the following, but may vary significantly by County and Court:

- Preparing and filing legal documents.
- Attending court hearings.
- Facilitating communication between EMPOWER Permanency staff and the County Assistant District Attorney.
- Coordinating and/or attending staffings for legal preparation.
- Attending Permanency Conferences.
- Updating legal actions and legal status in IMPACT.
- Court of Continuing Jurisdiction inquiries.
- Paternity Registry inquiries.
- Assisting with discovery requests.
- Assisting with pretrial disclosures.

EMPOWER will include the Legal Liaisons in communications related to:

- Permanency staffings.
- Legal staffings.
- Decisions regarding young adults entering trial independence, extended foster care, or returning to foster care.

Legal Liaisons must access any case-related documents from OneCase and EMPOWER's WebFACES system to satisfy requirements for discovery.

EMPOWER's units must be set up with e-file in counties where the Legal Liaison does not complete this task.

To help adopted children and adoptive parents adjust to their adoptions post adoption services are available. Most of these services are provided by contracted providers. For detailed information about providing postadoption services through contracted providers, see 8410 Post Adoption Services. All families of children adopted through DFPS can obtain post-adoption services. This service is available to families along with Title IV-E and state-paid adoption subsidies from DFPS.

EMPOWER Adoption Supervisor will facilitate referring the family to the local post-adoption service provider.

Since funding is limited, there are times that children/youth require out of home placement to meet their mental health needs and funds are not available through traditional Post Adoption Services. Refer to CPS Policy 6961 Post Adoption Substitute Care Services for these situations.

Post-Adoption Liaisons responsibilities include, but are not limited to:

- Fielding calls from post adoption families who may be in crisis or in need of Post Adoption Services and referring them to the appropriate provider.
- Working as a facilitator between, CPI, post adoption provider and the family.

- If any child/youth has the potential to enter Post Adoption Substitute Care Services and DFPS may be seeking Joint Managing Conservatorship, the CBCA, EMPOWER Adoption Supervisor, as well as EMPOWER Director of Permanency Services will need to be notified and participate in any staffings.
- Be a subject matter expert for Metroplex East (3E) area and for CPI and other DFPS staff to reach out to with questions.
- Review service plans completed by the post adoption provider as appropriate.
- Coordinate, facilitate, and attend staffings with post adoption families, post adoption providers, CPI (If applicable) to assist in identifying steps and roles if needed for [Return to Care](#) placement.
- Be a point of contact for their regional post adoption providers.
- Stay in communication with the EMPOWER Permanency Case Manager and Adoption Specialist as well as attend quarterly providers meetings (conference lines will be available).
- The Post Adoption Liaison or their designee will process, which includes entering and approving 2054 service authorizations for the post adoption cases.

EMPOWER will notify the CBCA of any children/youth that are unable to be served by Post Adoption Services.

Every youth in the conservatorship of DFPS age 14 up to age 18, receives a copy of their consumer credit report annually from each of the three credit reporting agencies. In addition to ensuring that a youth's credit is checked, and any discrepancies are found and disputed, the EMPOWER Permanency Case Manager is also required to share the credit report with the youth, provide the youth with a copy, and explain the importance of maintaining good credit.

EMPOWER Liaison for Credit Checks for Youth is the EMPOWER Independent Living Supervisor.

Procedure

DFPS:

- DFPS requests these credit reports annually on the youth's behalf until the youth is discharged from DFPS conservatorship and provides them to EMPOWER.
- DFPS can run individual reports for a child of any age, if requirements in policy are met.

EMPOWER:

- EMPOWER must review the report face-to-face with the youth, discuss efforts DFPS staff is making to resolve any discrepancies that are found and the importance of good credit.
- EMPOWER will provide DFPS copies of youth documents needed to resolve issues.
- EMPOWER must document these discussions in IMPACT.
- EMPOWER must notify DFPS if an individual credit report needs to be run based on policy requirements.

Supervised Independent Living (SIL)

Related Resources and Policy:
[CPS Handbook §10460 Supervised Independent Living](#)

Supervised independent living (SIL) placement settings are living arrangements offered through the Extended Foster Care program that allow young adults to reside in a less restrictive, non-traditional foster care setting while continuing to receive casework and support services to become independent and self-sufficient.

To be eligible for SIL, young adults must be able to live independently in a setting with minimal to no supervision. Through conversations with the young adult and the initial assessment, the young adult will be placed in the setting which best meets his or her needs. In order to maintain placement in the SIL program, young adults must comply with the [Voluntary Extended Foster Care Agreement \(form 2540\)](#). Young adults can move through the settings offered based on behaviors, enhancement of skills, or overall progress made in the young adult’s current setting. The SIL case managers will maintain documentation of the young adult’s progress in case notes, as well as in the subsequent service planning meetings, which will be filed in the young adult’s case record.

EMPOWER will continue to follow established protocol regarding SIL placements for Young Adults being served that are from a legal county within the Metroplex East (3E) area and those that are from another legal county that desire SIL placement in the Metroplex East (3E) area.

Please refer to [Supervised Independent Living \(SIL\) Flow Chart](#) for additional guidance. Please note that EMPOWER is now responsible for actions previously identified as CVS or PAL responsibilities.

DFPS Housing Program and Rental Assistance Options

DFPS created the Youth Housing Specialist position in April 2021. The purpose is to assess, evaluate, organize, align, develop, and create a Youth Housing Program statewide. The goals of the Youth Housing Program within the Transitional Living Services Division are 1) to assist in

locating housing for as many young adults as possible, and 2) to end homelessness for those transitioning from foster care to a successful adulthood.

The strategies to achieve these goals include:

- providing information and training about rental assistance programs and voucher options throughout Texas.
- creating materials and a dedicated webpage to share related information ([DFPS Housing Program](#));
- designating regional [housing liaisons](#) as local points of contacts.
- conducting outreach to public housing authorities and increasing partnerships.
- increasing referrals to these rental assistance programs.
- supporting additional housing options, such as the Supervised Independent Living (SIL) program, Transitional Center Housing programs, Transitional Independent Living programs, and traditional Housing Choice Voucher programs; and
- Participating in statewide workgroups, task forces, and collaborations.

Public housing authorities across the state provide rental assistance through housing vouchers. There are three rental assistance programs that provide vouchers to young adults aging out of foster care.

Rental Assistance Programs and Eligibility

- The Foster Youth to Independence (FYI) Current or former foster care young adults ages 18 up to 24 who are homeless or at risk of homelessness are eligible for the FYI program. The voucher is time limited and can be used for up to 36 months. The FYI program requires local-level partnerships between public child welfare agencies (PCWA) and public housing authorities (PHA). Before a community can begin utilizing the FYI rental assistance program targeting young adults from HUD local partners must sign a letter of agreement or a MOU outlining the roles and details of the partnership.
- The Family Unification Program (FUP) rental assistance program provides rental assistance targeting young adults aging out of foster care and families at risk of a child being taken into care. The FUP rental assistance program is like the FYI program regarding eligibility requirements, targets mostly families, but can support individuals, is time limited (36 months), and is administered by local Public Housing Authorities.
- The Section 811 PRA program is for young adults with disabilities, is restricted geographically, and is administered through the Texas Department of Housing and Community Affairs. The eligibility requirements for the Section 811 PRA program include people with disabilities, ages 18 through 62, and the assistance is not time limited. For the complete details on these programs and eligibility requirements, contact the agencies that administer them directly.

Housing Duties and Regional Housing Liaisons

- EMPOWER must designate a Housing Liaison for the region and a backup that serve as the points of contact for housing and rental assistance program referrals in the region. They should attend the State Office Quarterly Housing Meeting and complete the Quarterly FYI report for state office Youth Housing Specialist in a timely manner. They should be familiar with the DFPS Housing Program webpage and the application, eligibility, and PHA process requirements in their regions. They should provide this information across departments and community within their regions.
- EMPOWER will ensure outreach to PHAs in their region occurs to make targeted housing vouchers available to young adults exiting care in Metroplex East (3E).
- EMPOWER will build and maintain relationships and effective communications with PHAs. This should include regular contact as needed and at least a quarterly meeting to discuss referrals, applications, and related items. EMPOWER should educate PHAs about working with our target population and advocate for more support and flexibility throughout the entire housing process. EMPOWER should encourage PHAs to reach out to them if they have engagement problems with young adults, so that the young adult can be connected with services before denying them a voucher.
- EMPOWER should collaborate with allied professionals in their regions like transition centers, nonprofits, housing programs, schools, landlords and others to educate about these rental assistance program and to increase wrap around supports and housing availability for young adults participating in them. They should connect and build relationships with their HUD representatives and public housing authorities for support and guidance related to technical aspects of these programs and to resolve issues related to them.
- EMPOWER staff should use the Housing Plan to have a guided discussion about housing with youth young adults beginning at age 17 to develop an action plan.

NYTD Outcomes Survey

The NYTD survey is a federal survey that states administer to certain youth and young adults at age 17, 19 and 21.

EMPOWER Independent Living Specialist must track survey completion, assist youth with taking the survey and enter survey responses in IMPACT according to the federal survey reporting requirements.

- The NYTD Information Page in IMPACT alerts EMPOWER about youth from their designated community area who have been identified to take the survey, status of the survey, and due date of the survey during each survey period (A or B).
- EMPOWER will check the NYTD Information Page in IMPACT to determine which of their assigned youth needs to take the survey.
- EMPOWER will take the lead in notifying the identified youth or youth adult their survey is due, obtain survey responses and enter their survey responses in IMPACT.
- CPS State Office Youth and Transitional Services office will monitor EMPOWER's NYTD survey completion progress and will send out periodic information about the status of EMPOWER's survey completion rate.
- When requested, EMPOWER will update DFPS State Office on progress and plans to get surveys completed by period data entry due dates.
- EMPOWER will maintain current contact information in IMPACT for youth placed within their provider network.

NYTD Data and Information Errors

- EMPOWER must check the NYTD Information Page in IMPACT for DATA and INFORMATION errors in IMPACT and make corrections and updates.
- DATA and INFORMATION errors correspond to surveys and services provided during the reporting period.
- When requested, EMPOWER will update DFPS State Office on progress and plans to get DATA and INFORMATION errors completed by period data entry due dates.
- Details on correcting data and information errors can be found in the NYTD Manual in SMILEY.

NYTD Services

- EMPOWER will enter services provided to successfully transition youth to adulthood in the Preparation for Adult Living (PAL) stage in IMPACT.
- Services entered in IMPACT must be either paid for or provided by EMPOWER.
- When requested, EMPOWER will update DFPS State Office on progress and plans to get services entered by period data entry due dates.
- Details on entering services in IMPACT can be found in the NYTD Manual in SMILEY and in the PAL Staff Manual.

NYTD Results

- DFPS State Office will provide EMPOWER with NYTD survey results report annually. This report is generated by Administration of Children and Families.

- EMPOWER will share data with community stakeholders, Youth Leadership Council, and other concerned persons as appropriate.
- EMPOWER will incorporate reports into continual quality improvements for Transitional Living Service programs.

See CPS Handbook §10262 National Youth in Transition Database (NYTD), Transitional Living Services Resource Guide, NYTD Manual, and PAL Manual for information on completing the survey, correcting data and information errors and entering services.

The Interstate Compact on the Placement of Children (ICPC) is an interstate agreement that has been enacted as law in all 50 states, the District of Columbia, and the Virgin Islands.

The compact establishes uniform procedures for placing children in substitute care in other states. ICPC procedures are designed to:

- help each state find the best available caregiver for each child who must be placed in substitute care.
- ensure that every interstate placement fully involves appropriate state authorities and complies with applicable state laws.
- promote appropriate jurisdictional arrangements by the courts involved in interstate

placements.

EMPOWER Title IV-E University Training Program for Current and Non-Employees

This section explains the:

- Process for applying to the Title IV-E University Training Program; and
- How the EMPOWER training academy managed by the EMPOWER training division support that effort.

Each year, DFPS awards federally funded training to eligible EMPOWER employees and eligible state universities for students preparing for employment with EMPOWER. The number of awards is based on the number of Title IV-E-funded positions that EMPOWER anticipates each year.

The awards are made to eligible EMPOWER employees who are interested in a Master of Social Work (MSW) and eligible students who are enrolled in academic programs that lead toward a Bachelor of Social Work (BSW) or Master of Social Work (MSW).

The EMPOWER training academy provides basic skills development training to these trainees to prepare them for EMPOWER employment.

Applying for Title IV-E Training with EMPOWER for Prospective Employees

To request admission for a student, the university's coordinator for the Title IV-E Child Welfare Program sends an email to:

- The CPS Regional Operations Support Administrator (ROSA)
- EMPOWER Director of Human Resources
- The DFPS Title IV-E contract manager

The email must contain the applicant's:

- Name
- Date of birth
- Social Security number; and

- Type of degree (BSW or MSW)

For BSW students, the coordinator sends the email at least three months before the start of the student's *final* semester. For MSW candidates, the coordinator sends the email at least three months before the candidate's *first* semester.

Each applicant submits the following to the university coordinators. The University will then provide the information to the ROSA and the EMPOWER Director of Human Resources. The ROSA will maintain all original documents for the Title IV-E stipend program.

- University acceptance letter
- Statement of interest
- Three professional letters of recommendation from professors or employers
- Copy of students most recent unofficial transcript from University
- Waivers as appropriate
- Certified copy of the applicant's driving record
- Volunteer application, Form 0250
- Authorization for a background check, Form 0250b An HHS Acceptable Use Agreement, Form HHS-AUA
- Form 0261 Volunteer Program Work Rules, Standards of Behavior and Performance
- Volunteer Confidential Statement Form 0251
- TB Test Results

To enable the applicant to take any required pre-employment test/assessments, the university's coordinator directs the applicant to apply for an EMPOWER specialist position in the appropriate EMPOWER unit. Taking this step creates a profile in the EMPOWER human resources system that allows the applicant to access any required tests/assessments.

Once the applicant has applied for an EMPOWER specialist position, the EMPOWER designee forwards copies of the following to the Centralized Background Check Unit (CBCU), so that appropriate checks can be performed:

- A certified copy of the applicant's driving record.
- A volunteer application, [Form 0250](#).

The CBCU forwards the results of the checks to:

- The ROSA.
- EMPOWER Director of Human Resources.
- The contract manager.

If the results are questionable, the ROSA or EMPOWER Director of Human Resources reviews them and determines whether the applicant is employable.

If the checks are acceptable, the ROSA sets up interviews which includes the ROSA, EMPOWER Human Resource Specialist, and EMPOWER personnel. If the interview is acceptable, the ROSA or EMPOWER Director of Human Resources notifies each University coordinator who will prepare a Stipend Student Information Form for each student. The university coordinator will

then forward the information form to the contract manager who prepares an agreement for each student.

If the results of any of the above assessments are not satisfactory, the ROSA or EMPOWER designee:

- Prepares a disapproval memo; and
- Forwards it to the university coordinator who will notify the student.

The ROSA sets up an orientation meeting to review and sign the stipend contract agreement. Participants include the ROSA, EMPOWER Director of Human Resources, the university coordinator, and the students. These contracts are not executable until they are signed by the student and the Deputy Director of Child Protective Services (CPS).

During the orientation meeting, the following topics are covered:

The terms and conditions of the agreement, including any payback responsibilities. Repayment of eight calendar months of employment in an IV-Eligible position for each semester which the stipend was paid to a student that was not an employee of an SSCC when they took their university courses is required. For a student that was employed by the SSCC when they took courses and for which they received stipends, the repayment of four calendar months of employment in a Title IV-E repayment eligible position is required for each semester. Repayment of the stipend through full time employment begins the first day of employment. The commitment that students must make is to accept any statewide employment with EMPOWER on completion of their training.

The ROSA then forwards all signed agreements, along with a completed checklist for each contract, to the EMPOWER Director of Human Resources for final approval. Once signed by both the student and the Deputy Director of CPS, the ROSA will send the original signed agreement to the State Office Contract Manager for final processing.

After each agreement is approved:

The State Office Contract Manager will send a signed copy of the agreement to the stipend student.

The ROSA or EMPOWER Director of Human Resources completes a Move, Add, or Change form (known as an eMAC) to obtain a log-in ID for access to DFPS systems

The interns are ready to attend training offered by the EMPOWER.

The EMPOWER Director of Human Resources will designate a unit supervisor for the intern to be placed under for training through the duration of the placement, communicate the information/location to the University liaison and intern.

The EMPOWER Director of Human Resources will send training orientation invites to the EMPOWER interns before the intern reports to the placement location.

Interns must maintain satisfactory performance while participating in the program. If an intern fails to complete training or is disqualified from the program, he or she must pay back the award, in accordance with the agreement.

Two months before university graduation, each student must submit an employment application to EMPOWER for a Title IV-E eligible position.

Each intern must accept any Title IV-E eligible position offered statewide within 60 days of graduation.

The ROSA or EMPOWER Director of Human Resources notifies the Title IV-E contract manager that the intern has been placed in a Title IV-E position.

Calendar dates for submitting and processing non-employee stipend students must be followed as below:

- Fall Semester:
 - May 15: All names submitted by University along with background forms, etc. during this week.
 - June 1: All applicants must have taken any pre-test/assessments required by EMPOWER
 - June 15: Set up interview during this week
 - July 15: All contracts ready this week.
 - Mid-August: Semester begins
- Spring Semester:
 - October 1: All names submitted by University along with background forms, etc. during this week
 - October 15: All applicants must have taken any pre-test/assessments required by EMPOWER.
 - November 1: Set up interview during this week
 - December 1: All contracts ready this week.
 - Mid-January: Semester begins
- Summer Semester:
 - February 15: All names submitted by University along with background forms, etc. during this week
 - March 1: All applicants must have taken any pre-test/assessments required by EMPOWER.
 - March 15: Set up interview during this week
 - April 15: All contracts ready this week.
 - Last week of May: Semester begins

Inventory and Equipment Agreement

Since Title IV-E interns do not receive Tablet PCs, they require a separate process through EMPOWER to ensure accessibility to the required computer equipment. The EMPOWER Director of Human Resources will ensure the Title IV-E interns under EMPOWER receive necessary computer equipment.

DFPS Records Management Group will support EMPOWER with the same services it provides to DFPS. For more information about services see [Records Management Group Safety Net](#) page.

RMG adheres to the nine-level priority list established by Texas Administrative Code when fulfilling redaction records requests. The detailed priority list from highest to lowest priority ranking is as follows:

1. Records provided in response to a subpoena or court order that has been properly served on DFPS.
2. Records provided in response to discovery in a lawsuit to which DFPS is a party.
3. Records provided to a prospective adoptive family before an adoption may be consummated.
4. Records provided to a party or the administrative law judge in an Employee Misconduct Registry administrative hearing.
5. Records provided to a party or the administrative law judge in a hearing conducted by the State Office of Administrative Hearings.
6. Records provided to a duly authorized person documenting the results of a school investigation as required by Texas Family Code §261.406
7. Records provided to a party in an administrative review of investigative findings that is conducted by DFPS.
8. Records provided to an adult who was previously in the conservatorship of DFPS, if the request is for a copy of the adult's own case record as defined by Texas Family Code §264.0145.
9. Records provided to all other requesters entitled to receive the requested records, which are fulfilled in the order they are received.

All EMPOWER Unit Admins will have access to RMG Case Track system.

EMPOWER Permanency Case Manager On-Call

EMPOWER will be expected to have a Permanency Case Manager On-Call Schedule. To reach the on-call staff member, please contact the EMPOWER Intake and Placement division at 1-877-706-1247.

Reporting Threats or Incidents

Safety is the most important factor in any client interaction. No law, policy, or local procedure requires employees to put themselves in or remain in a dangerous situation. However, because employees must often interview people who are angry, fearful, and occasionally hostile or aggressive, it is wise to take precautions and ensure that information about worker safety incidents such as assaults, threats, harassment, etc. are reported and information is shared with both EMPOWER and DFPS. For qualifying safety incidents, DFPS Worker Safety Support (WSS) staff will track safety incidents and ensure that information is shared with both EMPOWER and DFPS.

Threats or incidents reportable to DFPS Worker Safety Support include but are not limited to:

- Client makes a threat to come to a shared location and cause harm.
- Client makes a threat to SSCC worker that is tied to a case decision and DFPS staff could be perceived as in danger due to the nature of statement/action.
 - *Example:* Client's visitation is suspended and makes a threat to physically harm anyone that gets in the way of them and their children.
- Client makes a threat toward DFPS staff or a DFPS building to an SSCC worker.
- There is an outburst by a client in a shared location that causes damage to the building.
- Law enforcement is called to a shared office to respond to a safety concern for staff.
- Vandalism of a car on state property or DFPS leased facility.
- Internal worker safety issue between a DFPS staff and SSCC staff.

To report a worker safety incident, EMPOWER staff will send notification to WSS at workersafetysupport@dfps.texas.gov and CC concernline@np-solutions.org.

The DFPS Worker Safety Support team will document and track reportable incidents as well as send notification to points of contact with DFPS and EMPOWER. EMPOWER will be notified at concernline@np-solutions.org.

Additionally, EMPOWER staff should document worker safety information in the IMPACT case record. This information can be documented on the Case Summary page, under the Special Handling drop down section by checking the box next to Worker Safety and adding details regarding the safety concern in the comment box. The information should also be documented as a regular contact in the case, so it appears on the contact summary page.

The image shows a screenshot of a web form. At the top, there is a section titled "Special Handling" with a downward-pointing arrow. Below this, there is a dropdown menu labeled "Special Handling". Underneath the dropdown is a text area labeled "Special Handling Comments". Further down, there is a checkbox labeled "Worker Safety Issues" which is checked. Below the checkbox is another text area labeled "Comments:" with the placeholder text "ENTER SAFETY ISSUE HERE!".

EMPOWER staff should also follow any internal procedures for incident reporting that may be outlined in the EMPOWER Operations manual.

Related Resources and Policy:

[Federal and Program Improvement Review Safety Net page](#)

The DFPS division of **Federal and Program Improvement Review (FPIR)** provides continuous quality improvement services to all regions in Texas to support successful outcomes for children and families served by DFPS. The division is made up of:

- Child and Family Services Review (CFSR) Team.
- Parental Child Safety Placement (PCSP) Review Team.
- Family-Based Safety Services (FBSS) Critical Case Review Team.

The Child and Family Services Review (CFSR) Team will be randomly selecting cases that are served by EMPOWER as part of their review.

Office of Consumer Affairs (OCA) Assignments

EMPOWER will develop their internal protocol to address OCA to adhere to time frames required by the division requesting the response.

- OCA will be sent directly to EMPOWER via the following email box concernline@np-solutions.org. The DFPS Regional Mailbox, DFPS Regional Director (RD) and CBCA will be cc'd on requests.
- EMPOWER will respond to OCA within required timeframes as directed by OCA by replying to all on the email.
- If a substantiation results from the inquiries, EMPOWER will create a corrective action plan with staff involved to address policy violations.
- If EMPOWER believes the substantiation is not valid, they can ask for a review of findings.

- If the substantiation is upheld, EMPOWER will continue with their corrective action plan.

For more information see: [Office of Consumer Affairs webpage](#)

Ombudsman for Children and Youth in Foster Care Process (FCO)

Same process as above. For more information see [HHS Ombudsman Foster Care Help Page](#).

The HHS Office of the Ombudsman provides recommendations along with their decision, the SSCC must advise whether they will implement to the Ombudsman's recommendations or explain why they will or cannot implement the recommendations.

Legislative Inquiry Process

Same process as OCA/FCO; however, there is no corrective action plan unless there is an inquiry/complaint that accompanies it with a substantiation.

Solution-Based Communication

There may be times when DFPS and EMPOWER (and network paid placement providers) may not agree on a case decision or what should happen with a child/youth and/or family.

Solution-focused communication is goal-oriented communication which focuses on the solution rather than the problem. The emphasize is on strengths and resources and how these can be utilized to achieve a positive outcome.

There will be instances when there may be an issue that cannot be agreed upon by DFPS and EMPOWER. During this time, all parties involved will need to work together and communicate by e-mail, phone calls, in person, or virtually to ensure that the best interest of child/ren and youth take precedence.

The safety and best interest of the child/youth should always be paramount in making the case decision and finding a solution to a barrier or disagreement.

The following section outlines the protocol to resolve case disagreements between DFPS and EMPOWER.

Solution-Based Communication Process

Step 1

- DFPS workers and supervisors, EMPOWER, and/or provider (who are closest to the issue) will work together to resolve case specific issues informally. This will be done

through an objective, solution-driven discussion or meeting (e.g., phone call or virtual meeting).

- If a mutually agreeable solution is not achieved in **three (3) business** days or as necessary prior to a scheduled court hearing, those involved will notify the other individuals the plan to involve their chain of command. The disputed issue will be elevated to the Program Director and/or Program Administrator level in DFPS and the Director level at EMPOWER for possible resolution. The disputed issues should be elevated in writing.
- A meeting will be scheduled by either EMPOWER or DFPS to discuss the issue and come to an agreed upon solution. DFPS and EMPOWER will select an uninvolved party to the specific case to listen to the issue and assist with coming to an agreement. If an agreeable solution is not achieved during the meeting, it will be elevated to step 2.
- Disputes proceeding to Step 2 will be elevated to a knowledgeable, independent staff member (Community-Based Care Administrator) who understands the philosophy and goals of community-based care and is not a direct supervisor of the individual involved in the appeal.
- EMPOWER must ensure continuity of services, as defined by DFPS, to the child/youth or family affected while seeking to resolve case-specific disputes.

Step 2

Escalation

- The escalating party will send an e-mail with supporting documentation to the Community-Based Care Administrator and EMPOWER's Director of Consumer Affairs with a subject line of "Solution-Based Communication".

Resolution

- Once a dispute is escalated (appeal), the Community-Based Care Administrator will provide a written decision to the appeal within **five (5) business** days. The written decision will be e-mailed to the EMPOWER's Director of Consumer Affairs with the subject line of - "Solution-Based Communication Appeal Decision."
- If the EMPOWER's Director of Consumer Affairs chooses, he/she will have **three (3) business** days from receipt of the notification from the Community-Based Care Administrator to appeal the decision to the CPS Regional Director. The CPS Regional Director will have **five (5) business** days to decide on the EMPOWER's Director of Consumer Affairs appeal.
- If the EMPOWER's Director of Consumer Affairs chooses not to appeal, they will notify the Community-Based Care Administrator. The Community-Based Care Administrator will distribute the decision to the appropriate staff and management.
- If the EMPOWER's Director of Consumer Affairs appeals the decision of the Community-Based Care Administrator to the CPS Regional Director, the CPS

Regional Director will distribute their decision to the appropriate staff and management.

Situations Requiring Immediate Notification Between EMPOWER and DFPS

Related Resources and Policy:

[Child Fatality Protocol Handbook](#)

[Government Relations Handbook Policy §3000 Legislative Inquiries](#)

Situations that require immediate notification between EMPOWER and DFPS include:

- When a child, who is referred or placed with EMPOWER, is in a life-threatening situation and/or
- Any time the media is involved with a child placed with EMPOWER.
- When a court hearing is imminent and DFPS disagrees with EMPOWER's recommendation as to the child's permanency.

Examples of situations that require immediate notification (but not limited to):

- Child Fatality
 - Follow steps outlined in the Child Fatality Protocol Handbook ([see section When a Child Dies During an Open CVS Case](#))
 - If a child fatality occurs in an open conservatorship case and meets the qualifications for an OCA Child Fatality Review, please follow the process outlined in the appendix [OCA Child Fatality Review Process](#)
 - EMPOWER will be included in QRT team as appropriate
- Confirmed Abuse or Neglect situations that may attract media attention
- Child abductions
- Investigation or serious incident in kinship placement
- Abuse or neglect investigations involving SSCC staff and a youth in conservatorship
- Staff acting inappropriately that may attract media attention or has been posted on social media
- If contacted directly for legislative inquiry
 - See Government Relations Handbook Policy §3000 Legislative Inquiries
- Natural disasters where children are displaced Notification

Immediate Notifications

Notice of the incident should be sent immediately upon knowledge. The SSCC Regional Director Equivalent will send notification via email or text message to the CPS Director of Field, CPS Regional Director, CPS Director of FCL, CPS Government Relations, the OCBCT Director, and the CBC Operations Director and include the following information (if there is a lack of detailed information about the incident or event, SSCC Regional Director Equivalent will notify that more information is to follow):

- Case ID, Youth PID
- Situation and reason for escalation
- Next steps for managing incident/event
- Point of contact should additional information be needed with urgency

Following notification

- Regional Director will contact and inform the Regional Media Specialist and Community-Based Care Administrator of the situation.
- Regional Media Specialist will contact and inform the Media Relationship Manager of the situation; and
- Contact and coordinate media message with EMPOWER prior to releasing any information or comments to the media about the situation.

Single Source Continuum Contractor (SSCC) Abuse or Neglect Investigations

Related Resources and Policy:

[CPS Handbook §2120 CPS Authority for Investigating Reports of Abuse or Neglect](#)
[CPS Handbook §1260 Administrative Review of Investigation Findings \(ARIF\)](#)

A CPI investigation is considered an employee abuse or neglect investigation when:

- A DFPS employee or EMPOWER employee is alleged to have abused or neglected a child in his or her own family.
- A DFPS employee, contracted staff, volunteer, or intern or an EMPOWER employee is alleged to have abused or neglected a child in DFPS conservatorship, and the child is in an unlicensed setting.

Special investigators are assigned to conduct employee investigations meeting the above criteria. If a special investigator is the alleged perpetrator in an employee investigation, CPI conducts the investigation.

EMPOWER will follow steps outlined in policy 2121.1 DFPS Employee or Single Source Continuum Contractor (SSCC) DFPS Employee or Single Source Continuum Contractor (SSCC) Abuse or Neglect Investigations.

Forms and Publications

If an EMPOWER needs to re-order DFPS forms or publications, one designated person from the EMPOWER can order by emailing DFPSFORMSPUBLICATIONS@dfps.texas.gov.

Appendix A: EMPOWER Organizational Information

Additional information about EMPOWER and their organization can be found at <https://3empower.org/documents/>

Appendix B: Emergency Placement Process Flow Charts

Appendix C: Psychiatric Hospital Contact Protocol for Children/Youth in DFPS Conservatorship

There may come a time when a child/youth in DFPS conservatorship is determined to present a risk of serious harm to himself or herself or others and is admitted to a psychiatric hospital. Hospitalization is an intervention designed to meet the child/youth's acute mental health needs and is not a long-term intervention. Admission to a psychiatric hospital is not a placement and should not be treated or referred to as such. In order to ensure a child/youth's needs are met during this time, there are very specific steps caseworkers must take immediately following notification of hospitalization. Those steps are outlined in this document, but it is important to note that all other policies and procedures must still be followed.

The steps outlined in the attached protocol apply to both children/youth in DFPS conservatorship at the time of hospital admission and children/youth who are admitted to a psychiatric hospital during the course of an investigation which results in DFPS taking conservatorship.

Notification Required Actions

Immediately, but no later than one (1) business day after notification that a child/youth on your caseload has been admitted to a psychiatric hospital, the primary EMPOWER Permanency Case Manager (INV caseworker if EMPOWER not assigned) must send an e-mail to those who have a role in ensuring the child/youth's needs are met, as outlined below. Staff must also follow requirements for notification to the legal parties of the case as described in [CPS Handbook §6151.3 Notification Requirements and Schedule](#).

The Subject line must state: Psychiatric Hospital Admission – Child/Youth's Last Name, First Initial, and PID. The body of the e-mail must include the following information:

- Hospital name.
- Patient Access Code, if known.
- Date of admission.
- Reason for hospitalization.
- Indicate if the child/youth will be returning to the placement after discharge from the hospital or if a new placement is needed.
- Indicate if child/youth needs an updated psychological evaluation.
- Name and Contact Information for Designated Medical Consenter/ or attach current Form 2085B Designation of Medical Consenter.
- Name of school in which child/youth is currently enrolled.

- Indicate if the child/youth needs translation services (i.e., foreign language, deaf or hard of hearing).

The e-mail **must** be sent to each of the following, unless indicated as not appropriate:

- [Psychiatric Hospital Referral Mailbox](#) for the Region where the hospital is located – For children/youth hospitalized out of state, the e-mail must be sent to the Psychiatric Hospital Referral mailbox for the child/youth’s legal region and will be routed as appropriate.
- Regional Placement Team Mailbox (except in situations where the child/youth is being served by a Single Source Continuum Contractor as a part of Community-Based Care) - Even if the child/youth is expected to return to the same caregiver after hospital discharge, notification to the Placement Team Mailbox is required as circumstances often change.
- [Single Source Continuum Contractor \(SSCC\)](#) - If the child/youth is being served by an SSCC as part of Community-Based Care, communication must be sent to the designated SSCC personnel per their regional joint operational manual.
- [Education Specialist](#) - If the child/youth remains admitted to a psychiatric facility for more than three days, the education specialist will coordinate educational services for the child/youth.
- [Well-Being Specialist \(WBS\)](#)- For a child/youth with complex behavioral healthcare needs, the WBS is available to assist in multidisciplinary staffings, referral to internal and external resources, etc. (see the [Medical Services Resource Guide](#) for detailed information). The WBS will be responsible for informing STAR Health of the child/youth’s hospitalization.
- [Developmental Disability Specialist \(DDS\)](#)- If the child/youth appears to have a developmental disability, the caseworker must also notify the DDS. The DDS will assist the caseworker with making referrals to community resources.
- Local Permanency Specialist (LPS) - If the child/youth was previously assigned to an LPS, the caseworker must notify the assigned worker and LPS supervisor so the assignment can be placed on hold pending hospitalization.

Medical Consent Required Actions

Immediately, but no later than 24 hours after notification that a child/youth on your caseload has been admitted to a psychiatric hospital, the primary EMPOWER Permanency Case Manager (Investigation caseworker if EMPOWER not assigned) must provide the mental health facility with the name and contact information for the child/youth’s medical consenter as described in 11611.4 Consent for Health Care and Medications After Admission.

Unless the youth has been authorized to consent to his or her own medical care under Texas Family Code §266.010, the designated medical consenter must provide or deny consent for health care or the use of psychotropic medications once the youth is admitted.

When the Child/Youth is Not Returning to Placement

CHANGE MEDICAL CONSENTER: As described in CPS Handbook policy [11611.5 Change of Medical Consenters While a Child or Youth Is Hospitalized](#) the case manager reconsiders the designation of medical consenter if a child or youth is admitted to an inpatient psychiatric facility.

The EMPOWER Permanency Case Manager must follow the guidelines in the table below.

If:	Then:
the child or youth may return to the placement he or she was in before admission,	the case manager determines whether there needs to be a change in medical consenter while the child or youth is
The child or youth will not return to the previous placement, and someone who is not an EMPOWER employee is the primary or backup medical consenter,	EMPOWER makes the case manager the primary and backup medical consenter while the child or youth is hospitalized.
EMPOWER finds a new placement for the child or youth to go to after discharge from the inpatient facility,	the case manager determines the most appropriate medical consenter, backup medical consenter, or both, based on the new placement.

PLACEMENT: If the child/youth is not expected to return to his/her placement, the Primary EMPOWER Permanency Case Manager must send the assigned placement staff all items required for a placement search **within 24 hours of receiving notification**. Those items include:

- Updated application for placement.
- Psychological or Psychiatric Evaluation.
- Level of Care.
- CANS, if completed.
- Current therapy notes.
- Letter from psychiatric hospital stating child/youth is no longer a danger to self or others.
- See the [Placement Process Resource Guide](#).

Note: If the child/youth is being served by the SSCC as part of Community-Based Care, the SSCC assigned staff person will obtain the above items as outlined in the catchment area's Operations Manual.

If there is a clinical recommendation for direct transfer to a State Hospital, the case manager contacts the [CPS Mental Health Program Specialist](#) for next steps.

Notifying the Hospital of the Child's Sexual Victimization and Aggression History

Immediately, but no later than three (3) business days after notification that a child/youth on your caseload has been admitted to a psychiatric hospital, the primary EMPOWER Permanency Case Manager (INV caseworker if EMPOWER not assigned) must provide a copy of the Child's Sexual History Report Attachment A to the admissions staff or person responsible for the oversight of the child or youth. The case manager must make every attempt to obtain a signature on the Attachment A. If the facility refuses to sign the document, the case manager notes the refusal on the form and uploads the form into One Case.

See [CPS Handbook §4231.1 Notifying a Facility Regulated by Another State Agency of a Child's Sexual Victimization and Sexual Aggression History](#).

Required Actions during Hospitalization

While the child/youth is in the psychiatric hospital, the Psychiatric Hospital Worker, LPS or Other Designated Caseworker must:

- **Immediately, but no later than 24 hours after notification that a child/youth has been admitted for psychiatric treatment, *confirm*** the mental health facility has been provided with the name and contact information for the child's medical consentor.
- Make face to face contact with the child/youth at the facility within one to three (3) business days of becoming aware of the admission, and weekly thereafter.
- Confirm that the hospital staff treating the child/youth have been provided with the Child's Sexual History Report Attachment A and are aware of the child's sexual victimization and sexual aggression history. Provide Attachment A to the hospital staff and request signatures. If hospital staff refuse to sign, indicate who the form was provided to, date, and specify their refusal to sign. Upload into OneCase.
- Document weekly face to face contact in IMPACT in accordance with CPS policy.
- Request and send the child/youth's clinical record collected from the hospital to the primary caseworker and assigned placement staff or SSCC staff; ** the clinical record refers to any documentation of treatment services released by the hospital including the child/youth's Admission Summary, psychiatric/psychological evaluation, therapy notes, psychiatric progress or nursing notes, and medication status.
- Communicate critical updates regarding the child/youth's treatment (i.e., discharge plan, basic care needs, safety issues) to primary worker within 24 hours of being made aware of the new information.
- Coordinate and facilitate internal multidisciplinary staffings to assist with placement following discharge and securing services.

While the child/youth is in the psychiatric hospital, **the Primary Permanency Case Manager must:**

- Notify the child/youth's parent(s) within 24 hours of notification (unless an exception listed under 6151.1 exists). As soon as possible, but no later than ten (10) days after admission, notify the GAL, AAL, parents' attorney, and CASA.
- Update the application for placement with the weekly progress/participation/therapy notes/medication compliance, etc. If this child/youth is being served by the SSCC as part of Community Based Care, the assigned SSCC staff person will update the application for placement as described.
- Conduct Required Monthly FTF contact if child/youth is hospitalized in legal region. IF out of region, phone contact required.
- Contact the Regional Education Specialist to develop a plan to ensure the child/youth's educational needs are met for the duration of the child/youth's hospital stay.

EDUCATIONAL NEEDS: Within three days of being made aware of the child/youth's admission to the psychiatric hospital, the **Regional Education Specialist** will:

- Coordinate with the psychiatric hospital worker and primary caseworker to determine the education needs of the child or youth; and
- Collect any needed education-related information from the primary caseworker to arrange educational services.

To arrange education services, the Regional Education Specialist will:

- Consult with child/youth's caseworker and caregiver for school withdrawal/enrollment process; and
- Maintain weekly contact with the caseworker/psychiatric worker to address any changes in hospitalization of the child/youth and to assist with any school transitions upon discharge.

If the child/youth is not receiving special education services, the Regional Education Specialist will:

- Consult with the hospital to explore how best to meet the education needs of the child/youth; and
- Consult with the local school district on its policy for providing education services to children and youth who do not receive special education services or are not eligible for special education service when the student is confined at home or at a psychiatric or medical facility.

The Education Specialist should confer with their supervisor and the Education Program Specialist at State Office as soon as possible if efforts to obtain educational services for a child/youth are unsuccessful.

When Placement is Identified

As soon as a placement is identified, the Primary EMPOWER Permanency Case Manager will send an e-mail with the new placement's name, address, date of discharge from hospital/date of

placement, transportation plan, and the name of the worker who will facilitate the placement to all of the following:

- Psychiatric Hospital Worker or LPS responsible for weekly contact
- Well-Being Specialist
- Primary EMPOWER Supervisor
- Education Specialist
- Psychiatric Hospital to prepare child/youth for discharge and so that hospital can share information about child/youth with the identified placement

Note: If the child/youth is being served by the SSCC as part of Community Based Care, the SSCC assigned staff person will follow the placement process as outlined in the catchment area's Operations Manual.

Appendix I: OCA Child Fatality Review

OCA Child Fatality Review

The Office of Consumer Affairs (OCA) conducts reviews on cases when a child fatality has occurred and the case involves the following criteria:

1. The cause of death is suspected to be caused by abuse and/or neglect
2. There is an open or closed (CPI, CVS, FBSS, Kinship) within the last year.

OCA will conduct a review of the open Investigation regarding the child fatality with the most up-to-date information as the Investigation may still be ongoing and review any open and closed family cases within the last two (2) years. This review will identify staff involved, child safety concerns, policies associated with the concerns, trends, and patterns.

Critical Case Report is sent to DFPS Executive Leadership Team, Governors Office and external parties.

OCA Child Fatality Review is sent to the CPI Director of Investigations, CPS Director of Field, CPS Regional Director, and SSCC

The SSCC will review the cases OCA reviewed and other cases from the program area where the child fatality occurred. The SSCC will identify and list the steps and efforts to address issues noted in the OCA Child Fatality Review and their review of other cases on the Region Response to OCA Case Review Form.

The SSCC will review their findings with the CPS Regional Director and submit the Region Response to OCA Case Review Form to the CPS Director of Field and OCA within 30 days of the child fatality.

There will be times when OCA may identify cases for a Critical Case Meeting (CCM). The SSCC will receive a notification for when the CCM will occur. In lieu of providing the Regional Response for Cases Reviewed, the SSCC shall prepare to discuss any similar issues and policies affecting child safety as those listed in the OCA Child Fatality Review. SSCCs should be ready to provide updates on surviving children, who may be in care, or information relevant to SSCC oversight.

Appendix M: How a Case Moves From Removal to Permanency

[TexProtects Flowchart of How A Case Moves From Removal To Permanency](#)

Appendix N: Glossary

Adoptive Placement: Begins when a child/youth is placed with an adoptive family and includes post-placement supervision and assistance in completing the adoption consummation process. Ends when the adoption is consummated and the case is closed.

Alternative caregiver: A person who is not the foster parent of the child/youth and who provides temporary care for the child/youth for more than 12 hours but less than 60 days.

Authorized Service Level (ASL): A Basic, Moderate, Specialized, or Intense service level determined by the third-party contractor or a Basic service level determined by the DFPS caseworker and supervisor. The authorized service level is based on information regarding the child or youth's service needs.

Awaiting Adoption: A child who is legally free for adoption; the child's Permanency Goal is Adoption; and the child is not in an Adoptive Placement or own home placement.

Blended Foster Care Rate: Foster care rate paid to the SSCC for each day of service provided to a child or youth in paid foster care, equal to the weighted average rate paid across all placement types.

Caregiver: A caregiver is a person, including an employee, foster parent, contract service provider, or volunteer, whose day to day responsibilities include direct care, supervision, guidance, and protection of a child/youth in care. This includes employees and contract staff who provide 24-hour awake night supervision in accordance with Remedial Orders A7 and A8. See CPS Handbook [policy 7911](#).

Generally, and in furtherance of a child/youth having as normal of a life experience as possible while in substitute care, "caregiver" does not include individuals who are not routinely responsible for direct care, supervision, guidance, and protection of a child/youth in care, such as school personnel, mentors, tutors and chaperones. Instead, determining what information to provide an adult involved with a child/youth's normalcy activity (e.g., extra-curricular activity, part-time job, church activities, school field trip, and visit to friend's house) must be considered on a case-by-case basis, keeping in mind the confidential nature of the information and the need to balance the child/youth's privacy concerns. Depending on the history, age of the child/youth, and situation in which the child/youth may be when engaging in a normalcy activity, the involved adult may not need to know of the child/youth's history, for example a tutor periodically at the child/youth's placement or an adult chaperone on a school field trip.

Casey Life Skills Assessment: An assessment of a youth's independent living skills designed to be completed by both the youth and the caregiver. The youth and caregiver results are combined into a report which provides an indication of the skill level and readiness of the youth to live independently and creates the opportunity for the caregiver and youth to talk about the youth's strengths and challenges.

Catchment area: A geographic service area for providing child protective services that is identified as part of community-based care.

Child and Adolescent Needs and Strengths Assessment (CANS): A comprehensive and developmentally appropriate child welfare assessment required by Texas Family Code § 266.012. This definition does not refer to the CANS assessment used to determine eligibility for mental health rehabilitative services and mental health targeted case management services. It is a multi-purpose tool that links the assessment and service planning process. It was developed with the goal of improving permanency, safety, and improved quality of life. This structured assessment of the youth and their caregiver assists in the identification of appropriate actions to address a need or to support a strength. In this way, the CANS provides decision support for the service planning process. Available subsequent reassessments using the CANS tool also provide information about the appropriateness of the service plan and whether individual goals and outcomes are being achieved.

Child's Placement Information: DFPS shares information about a child with [SSCC Name] in order for [SSCC Name] to assess and make recommendations for the child's placement in a paid foster care setting. Placement information may vary between DFPS and SSCC initiated placement referrals, but, in general, the following placement information is shared with [SSCC Name] based on timeframes set within the Operations Manual:

- [Alternative Application for Placement of Children in Residential Care](#) (Form K-908-2087 excluding level of care information);
- [Application for Placement of Child in Residential Care Form 2087](#) excluding level of care information);
- Court orders/affidavit;
- Visitation plans with siblings, parents, or other family member and fictive kin (if established);
- Birth verification/certificate;
- Social Security card or number (if available);
- Education portfolio;
- Medicaid and STAR Health cards or qualifying information (if available);
- Any relevant external documentation (i.e., assessments, evaluations, or therapy notes) related to the care of the child;
- Signed Placement Authorization (2085FC);
- Signed Medical Consenter (2085B);
- Signed Education Decision-Maker (2085E); and

Caregiver: A person whose duties include the supervision, guidance, and protection of children and youth.

Case Information: Case information is all abuse and neglect records, including records relating to reports, investigations, legal actions, and the provision of services to adults, children and families.

Case Management: In accordance with Texas Family Code §264.151, the provision of case management services to a child for whom the department has been appointed Temporary Managing Conservator or Permanent Managing Conservator or to the child's family, a young adult in extended foster care, a relative or kinship caregiver, or a child who has been placed in the catchment area through Interstate Compact on the Placement of Children, and includes, but is not limited to:

1. Caseworker visits with the child, family and caregivers.
2. Convening and conducting permanency planning meetings.
3. Development and revision of child and family plans of service, including a permanency plan and goals for a child or young adult in care.
4. Coordination and monitoring of services required by the child & the child's family.
5. Assumption of court-related duties regarding the child.
6. Any other function or service that DFPS determines necessary to allow a Single Source Continuum Contractor to assume responsibility for case management.

Caseworker: A DFPS or SSCC employee who provides casework services to children and youth in Substitute Care under the conservatorship of the State.

Child(ren)/Youth: A person(s) eligible and referred by DFPS to the SSCC for services under this contract from birth through the end of the month in which the individual turns 22 years of age.

Children/Youth in DFPS Legal Responsibility: All children for whom a court has appointed DFPS legal responsibility through temporary or permanent managing conservatorship or other court ordered legal basis. DFPS legal responsibility terminates upon court order or when a youth turns 18, whichever comes first.

Child-Care Services: Services that meet a child or youth's basic need for shelter, nutrition, clothing, nurture, socialization and interpersonal skills, care for personal health and hygiene, supervision, education, and service planning.

Child Placing Agency: A person, including an organization, other than the natural parents or guardian of a child who plans for the placement of or places a child in a childcare facility, agency foster home, agency group home, or adoptive home.

Community-Based Care: As required by the 85th Legislative Session, Senate Bill 11, a community-based model where DFPS purchases case management and substitute care services from a Single Source Continuum Contractor (SSCC) to meet the individual and unique needs of children, youth and families in Texas. Substitute care includes both foster care and relative /

kinship placements. Purchasing substitute care and case management services from the provider community allows DFPS to focus on child safety by investigating reports of abuse and neglect, providing in-home family-based safety services, and ensuring quality oversight of the foster care system. Ensuring individual children achieve timely permanency will be the responsibility of the SSCC.

Confidential Information: Personally Identifiable Information (PII), Protected Health Information (PHI), Case Information, Criminal History Record Information (CHRI), or Sensitive Personal Information.

Consortium: A group of providers who propose to jointly develop and implement a Single Source Continuum Contract proposal with different providers responsible for different parts of the proposal and resulting network. DFPS will only contract with one of the providers of a Consortium who will be directly responsible to DFPS for all services and performance outcomes under the SSCC Contract. DFPS will also contract with a separate business entity Formed by Consortiums that all members have an ownership interest in.

Contract: A promise or a set of promises, for breach of which the law gives a remedy, or the performance of which the law in some way recognizes as a duty. It is an agreement between two or more parties creating obligations that are enforceable or otherwise recognizable at law. The term also encompasses the written document that describes the terms of the agreement. For state contracting purposes, it generally describes the terms of a purchase of goods or services from a vendor or service provider.

Criminal History Record Information (CHRI): CHRI is arrest-based data and any derivative information from that record, such as descriptive data, FBI number, conviction status, sentencing data, incarceration, and probation and parole information.

Designated Victim: A child determined as such by an investigation resulting in a disposition of Reason to Believe (RTB) and entered in the data system.

Disproportionality: The over representation of a particular race or cultural group in a program or system.

Disparity: The inequitable or different treatment or services provided to one group as compared to another group. It is how one is treated or the types, quality, and quantity of services made available.

eCANS: The eCANS portal is an online system that will be able to house CANS assessment results, deliver a suite of reports containing aggregate data, and provide system functionality that ties HHSC and DFPS efforts together.

Education and Training Voucher (ETV) Program: A federally-funded (Chafee) and state-administered program. Under this program, Youth and young adults ages 16 to 23 years old may be eligible for up to \$5,000.00 financial assistance per year to help them reach their post-secondary educational goals.

Education Portfolio: The updated and maintained separate education binder that contains important school documents and is designed to follow school-age children and youth to each placement. This allows for the review of the most current educational records and documentation by school officials, residential child-care contractors, foster parents, family caregivers, children and youth.

Emergency Behavior Intervention: An intervention used in an emergency situation, including personal restraint, mechanical restraint, emergency medication, or seclusion.

Exceptional Foster Care Rate: Based on a pro Forma approach which involves using historical costs of delivering similar services, where appropriate data are available, and estimating the basic types and costs of products and services necessary to deliver services meeting federal and state requirements.

Experiential Life Skills Activities: Activities which engage children and youth in learning new skills, attitudes, and ways of thinking through hands-on learning opportunities. Experiential life-skills training is tailored to the child or youth's skills and abilities and may include training in practical activities that include grocery shopping, meal preparation and cooking, using public transportation, performing basic household tasks, balancing a checkbook, and managing personal finances.

Extended Foster Care: A program for youth and young adults, ages 18 to 22 years old that are eligible, and have signed an agreement to participate in this program. A youth who turns 18 years of age while in the conservatorship of DFPS who is continuing to receive Extended Foster Care services under the Extended Foster Care is eligible for Extended Foster Care services through the end of the month in which the Youth or young

Adult reaches the age limit referenced in 1 through 7, so long as sufficient documentation is provided on a periodic basis as required by the terms of the youth or young adult's Extended Foster Care Agreement to demonstrate that the youth or young adult is:

1. Regularly attending high school or enrolled in a program leading toward a high school diploma or GED up to the youth or young adult's 22nd birthday;
2. Regularly attending an institution of higher education or a post-secondary vocational or technical program up to the youth or young adult's 21st birthday. These can remain in care to complete vocational-technical training classes regardless of whether or not the youth or young adult has received a high school diploma or GED certificate (40 TAC §700.316);
3. Actively participating in a program or activity that promotes, or removes barriers to employment up to the youth or young adult's 21st birthday;
4. Employed for at least 80 hours per month up to the youth or young adult's 21st birthday;

5. Incapable of doing any of the above due to a documented medical condition up to the youth or young adult's 21st birthday (40 TAC §700.316); or
6. Accepted for admission to a college, or vocational program that does not begin immediately. In this case, the youth or young adult's eligibility is extended three and a half months after the end of the month in which the youth or young adult receives his/her high school diploma or Graduate Equivalency Diploma (GED) certificate.

Face-to-Face (FTF) Contact: An in-person meeting or visit that does not require video conferencing or similar technology.

Family: For purposes of this contract, family is defined as the parents or other relatives (including fictive kin) of children in paid foster care who are referred by DFPS to the SSCC for services. Families may remain eligible for the SSCC service coordination and delivery after children have exited paid foster care so long as DFPS remains the legal conservator.

Fictive Kin: For purposes of this contract, fictive kin is an individual who has a longstanding and significant relationship with a child in DFPS conservatorship, or with the child's family and provides, or is anticipated to provide, care to the child.

Financial Literacy Education Program: Education, training, and experiential support that includes:

1. Obtaining and interpreting a credit score;
2. Protecting, repairing, and improving a credit score;
3. Avoiding predatory lending practices;
4. Saving money and accomplishing financial goals through prudent financial management practices;
5. Using basic banking and accounting skills, including balancing a checkbook;
6. Using debit and credit cards responsibly;
7. Understanding a paycheck and items withheld from a paycheck; and
8. Protecting financial, credit, and identifying information in personal and professional relationships.

Form 2054: DFPS Form which initiates invoicing process and contains, at a minimum the following information:

1. Name of the contractor and contract number;
2. Service Code;
3. Names of client or Family members who are to receive services;
4. Types services requested;
5. Number of units for each service requested; and

6. Time limit for the service.

Foster Care: A placement paid by DFPS or other public facility. Placements include foster homes, foster group homes, basic child care facilities, residential treatment centers, and shelters. This is a subset of children in Substitute Care.

Foster Family Home: An independent licensed operation or a home under the regulation of a child-placing agency that is the primary residence of the foster parents and provides residential child care for six or fewer children up to the age of 18 years.

Full Continuum of Care: An array of least restrictive, most-family like placement services that meet the residential and treatment service needs of all children and youth in the care of a contractor.

General Residential Operation: A child-care facility that provides care for more than 12 children for 24 hours a day, including facilities known as children's homes, residential treatment centers, and emergency shelters.

IMPACT: Information Management Protecting Adults and Children in Texas, a computer application used by DFPS staff for case management.

Initial Coordination Meeting (ICM): Convened by DFPS and held within seven (7) days of referral to the SSCC for placement and/or services to a child or youth (Stages I-III) and/or family (Stages II-III). Purpose of ICM is to review child or youth/family's history and identify service needs to be included in the child or youth and/or family plan(s) of service.

Intermittent Alternate Care: A planned alternative 24-hour care provided for a child or youth by a licensed Child-Placing Agency or Independent Foster Home as part of the agency or home's regulated child care and that lasts more than 72 consecutive hours.

Least Restrictive Placement: Most family-like setting (e.g., parent or legal family of origin, non-custodial parent, kinship care, foster family home, adoptive home or cottage style general residential operation (GRO)) based on the child's or youth's individual needs.

Legacy System: Foster care system where DFPS delivers placement and case management services and utilizes the service level system as the method in which to pay for residential services for children and youth in DFPS conservatorship or who voluntarily agree to remain in care. In addition, current purchased client services funding mechanisms to access family services that are coordinated and authorized through DFPS.

Level(s) of Need: Array of services (including both licensed child care and treatment services) required by an individual Child who resides in substitute care, and are designed to support the achievement of safety, permanency and well-being.

Legal Conservator: Also known as the managing conservator, is an entity responsible (either temporarily or permanently) for a child or youth as the result of a district court order pursuant to the Texas Family Code Chapter 153. [TAC §700.501(9)]

Minimum Standards: DFPS rules which are the minimum requirements for permit holders and which are enforced by DFPS to protect the health, safety, and well-being of children and youth. DFPS provides publications that contain the Minimum Standards and guidelines for compliance for each type of operation.

National Youth in Transition Database: The data collection system developed by the Administration for Children and Families (ACF) to track the independent living services provided to children and youth and to develop outcomes that measure the States' performance in preparing children and youth for their transition from foster care to independent living. More information is available at: National Youth in Transition Database

No eject/no reject: Contract requirement that a contractor may not refuse to accept a properly referred client for services under this contract nor may a contractor cease to serve, or request DFPS remove a child, youth, or family from its referred client list.

Outcome: A measure that reflects or reveals change or impact.

Performance-Based Contract: A contract that ties payment, financial incentives and remedies to performance. Additional performance measures may be included and used to make decisions to renew or terminate the contract.

Permanency Care Assistance: The Permanency Care Assistance program gives financial support to kinship caregivers who want to provide a permanent home to children who can't be reunited with their parents.

Permanency Goal: The Department's permanency goals are subcategories of the four goals identified by the Texas Family Code §263.3026. The categories are as follows:

1. Family Reunification;
2. Adoption by a relative or suitable individual (Relative Adoption or Unrelated Adoption);
3. Permanent Managing Conservatorship to a relative or suitable individual (Relative Conservatorship or Unrelated Conservatorship); and
4. Another planned permanent living arrangement (Foster Family -DFPS Conservatorship, Other Family DFPS Conservatorship, Independent Living or Community Care).

Permanency Planning: The identification of services for a child or youth (and usually to the child or youth's family), the specification of the steps to be taken and the time frames for taking those steps so as to achieve the following goals:

1. A safe and permanent living situation for the child or youth;
2. A committed Family for the child or youth;
3. An enduring and nurturing family relationship that can meet the child or youth's needs;
4. A sense of security for the child or youth; and

5. A legal status for the child or youth that protects the rights of the child or youth.
6. (40 TAC §700.1201 and DFPS policy §6200)

Permanent Managing Conservatorship (PMC): When a court orders DFPS as PMC, it can be either with a child's parental rights terminated or parental rights intact. The rights and duties of DFPS are generally the same as with TMC.

Personal Contact: A meeting, either face-to-face or by telecommunication, during which the parties' discussion and actions are not directed.

Personally Identifiable Information (PII): Any information that can be used alone or in conjunction with any other personal information to identify a specific individual. PII includes any information that can be used to search for or identify individuals, or can be used to access their records. Examples include name, SSN, DOB, Social Security benefit data, and state or government issued driver's license number.

Placement Change: Any change in placement location except for temporary breaks in service as further defined in the contract.

Preparation for Adult Living (PAL) Activities: Benefits and services provided to children and youth in DFPS-paid Substitute Care who are age 14 or older and likely to remain in foster care until at least age 18, who can qualify for services up to their 21st birthday. Services and benefits may include:

1. Casey Life Skills Assessment to assess strengths and needs in life skills;
2. Life Skills training in core areas including financial management;
3. Job readiness and life decisions/responsibility;
4. Educational/vocational services;
5. Coordination of the Transitional Living Allowance (TLA) up to \$1000 (distributed in increments up to \$500 per month for children and youth who participate in PAL Life Skills training, to help children and youth with initial start-up costs in adult living);
6. Coordination of After Care Room and Board (ACRB) assistance, based on need, up to \$500 per month for rent, utility deposits, food, etc. (not to exceed \$3000 of accumulated payments per child or youth);
7. Case management to help children and youth with self-sufficiency planning and resource coordination;
8. Teen conferences;
9. Leadership development activities; and
10. Additional supportive services, based on need and availability of funds, such as mentoring services and driver's education.

Protected Health Information (PHI): Individually identifiable health information that is transmitted or maintained in any Form or medium. Individually identifiable health information is data, including demographics, that relates to:

1. The individual's past, present, or future physical or mental health or condition;
2. The provision of health care to the individual, or the past, present, or future payment for the provision of health care to the individual; and
3. Information that identifies the individual or for which there is a reasonable basis to believe it can be used to identify the individual.

As a general rule, health information linked with any one of the following direct or indirect identifiers of the individual, relatives, employers, or household members is considered protected health information:

1. Name
2. Street address, city, county, precinct, zip code, and equivalent geocodes
3. All elements of dates (except year) for dates directly related to an individual and all ages over 89
4. Telephone number
5. Fax number
6. Electronic mail address
7. Social Security number
8. Medical record numbers
9. Health plan ID numbers
10. Account numbers
11. Certificate and license numbers
12. Vehicle identifiers and serial numbers, including license plate numbers
13. Device identifiers and serial numbers
14. Web addresses (URLs)
15. Internet IP addresses
16. Biometric identifiers, including finger and voice prints
17. Full face photographic images and any comparable images
18. Any other unique identifying number, characteristic, or code

Purchased Client Services: Services designed to remedy abuse, neglect and exploitation of DFPS clients. For purposes of this contract, these services are purchased by the SSCC (through

an allocation of funds) and offered to children and youth in the Department's conservatorship and their families to support the achievement safety, permanency and well-being.

Reason to Believe: Abuse or neglect occurred based on a preponderance of the evidence. This means when all evidence is weighed, it is more likely than not that abuse or neglect occurred.

Referral: Process by which DFPS notifies the SSCC of need to initiate placement and/or others services to eligible children, youth and/or families.

Residential Child Care: The care, custody, supervision, assessment, training, education, or treatment of an unrelated child or youth for 24 hours a day that occurs in a place other than the child or youth's own home.

Return to Care: A program designed for youth and young adults 18 to 22 years old that are eligible and sign an agreement to participate in this program. Eligible participants must have been in DFPS conservatorship at the time they turned 18 years old (or were on run away status at the time they turned 18 years old and their conservatorship case had not been dismissed), and want to Return to Extended Foster Care, and:

1. Regularly attending high school or enrolled in a program leading toward a high school diploma or GED up to the youth or young adult's 22nd birthday;
2. Regularly attending an institution of higher education or a post-secondary vocational or technical program (minimum six hours per semester) up to the youth or young adult's 21st birthday. These can remain in care to complete vocational-technical training classes regardless of whether or not the youth or young adult has received a high school diploma or GED certificate (40 TAC §700.316);
3. Actively participating in a program or activity that promotes, or removes barriers to employment up to the youth or young adult's 21st birthday;
4. Employed for at least 80 hours per month up to the youth or young adult's 21st birthday;
5. Incapable of doing any of the above due to a documented medical condition up to the youth or young adult's 21st birthday ([40 TAC §700.316](#)); or
6. Return on a break from college or a technical or vocational program for at least one month, but no more than 4 months and have not reached their 21st birthday ([40 TAC 700.316](#)).

The return to care program does not include youth and young adults over 18 years old who are overnight visitors or living in the homes of foster parents, and the foster parents are not receiving a foster care payment for the care of these youth and young adults (40 TAC §745.601, §745.615, and §749.2653).

Reunification: Identification of a child's own home as the safe and permanent living situation towards which services are directed. Reunification means that (1) DFPS has removed the child from the home and (2) DFPS has determined that the child's parents are willing and, after completing services, able to provide the child with a safe living environment. Reunification occurs when the child has returned to the home.

Sensitive Personal Information: Sensitive personal information means an individual's first name or first initial and last name in combination with any one or more of the following items, if the name and the items are not encrypted:

1. Social Security number;
2. Driver's license number or government-issued identification number; or
3. Account number or credit or debit card number in combination with any required security code, access code, or password that would permit access to an individual's financial account.

Sensitive Personal Information also includes data revealed directly or indirectly relating to:

1. Natural persons concerning their racial or ethnic origin;
2. Political opinion;
3. Trade union membership;
4. Religious or philosophical beliefs;
5. Physical and mental health including state of health, illness, handicaps, pathological defects or medical treatments;
6. Sexual orientation or activity;
7. Criminal records, including convictions, decisions of penalties and fines, or other information collected in judicial or administrative proceeding to ascertain an offense or regarding an alleged or suspected commission of an offense;
8. Biometric or genetic data; or
9. Social welfare needs or benefits or other social welfare assistance received.

Sensitive information does not include publicly available information that is lawfully made available to the public from the federal, state, or local government.

Serious Incident: Any non-routine occurrence that has an impact on the care, supervision, or treatment of a child or youth. This includes, but is not limited to, suicide attempts, injuries requiring medical treatment, runaways, commission of a crime, and allegations of abuse or neglect or abusive treatment.

Service Plan: The contractor's developed plan that addresses the services that will be provided to a child or youth to meet the child, youth and/or family member's specific needs while served by the contractor.

Service Area: The designated area in which the SSCC will provide all services described in this contract. The SSCC will provide all services described in this contract in Region [Region Number].

Siblings: Children, youth, and young adults who have one or more parents in common either biologically, through adoption, or through the marriage of their parents, and with whom the child, youth or young adult lived before his or her substitute care placement, or with whom the child, youth or young adult would be expected to live if he or she were not in substitute care. Counted as any child in the same DFPS case with another child.

Sibling Group: Any DFPS case with two or more children in paid foster care.

Single Source Continuum Contract/Contractor (SSCC): Entity with whom DFPS enters into a contract for the provision of the full continuum of care in a catchment area, as required in this contract.

STAR Health: Statewide managed care program that provides comprehensive health care to children and youth in foster care and relative care, including medical, behavioral health, dental and vision care.

Start Up Period: A one-time, initial period of six months that will begin on the date the contract is signed during which the Contractor will perform necessary readiness activities and build its system of service prior to the first Client referral from DFPS.

Substitute Care: All children who are living in a DFPS out of home placement (kinship or paid foster care). It does not include children living in a return and monitor placement. Unless noted otherwise, it does include youth over 18 who are in Extended Foster Care but are not in DFPS custody.

Supervised Independent Living (SIL): A type of voluntary Extended Foster Care placement where young adults can live on their own, while still getting caseworker and support services to help them become independent and self-sufficient. The SIL program allows young adults to live independently under a supervised living arrangement provided by a contracted provider. A young adult in SIL is not supervised 24-hours a day by an adult and has increased responsibilities. Through SIL a young adult has increased responsibilities, such as:

- Managing their own finances,
- Buying groceries or personal items, and
- Working with a landlord.
- SIL also helps transition young adults to independent living by teaching them to:
- Achieve identified education and employment goals,
- Access community resources,
- Engage in needed life skills training, and
- Establish important relationships.

Temporary Managing Conservatorship (TMC): When a court orders DFPS as TMC, DFPS can exercise specific rights including but not limited to the right to have physical possession of the child along with specific responsibilities, including but not limited to the duty of care, control

and protection of a child, the right to designate the primary residence of the child and the right to make decisions concerning the child's health-care and education.

Texas Adoption Resource Exchange (TARE): TARE website is the leading recruitment tool for prospective adoption homes for DFPS. The purpose of TARE is to expedite permanency for available waiting children by increasing the number of prospective adoptive home resources.

Therapeutic Services: In addition to child care services, a specialized type of childcare services designed to treat and/or support children:

- With Emotional Disorders, such as mood disorders, psychotic disorders, or dissociative disorders;
- With Intellectual Disabilities, who have an intellectual functioning of 70 or below and are characterized by prominent, significant deficits and pervasive impairment;
- With Pervasive Developmental Disorder, which is a category of disorders (e.g., Autistic Disorder or Rett's Disorder) characterized by prominent, severe deficits and pervasive impairment;
- With Primary Medical Needs, who cannot live without mechanical supports or the services of others because of life-threatening conditions; and/or
- Determined to be a trafficking victim.

Trauma Informed Care: An approach to understanding the biological, developmental, relational and social effects of trauma and violence on children, youth and families which integrates the understanding-based perspective to care.

Treatment Services: A specialized type of child-care services designed to treat and/or support children or youth with Emotional Disorders, Mental Retardation, Pervasive Developmental Disorder, and Primary Medical Needs as described in [40 TAC §748.61](#).

Verified Kinship Care: A kinship caregiver who has become verified as a foster parent to provide residential care in accordance with child care licensing regulations.

Voluntary Extended Foster Care Agreement [Form 2540](#): The Department's Form which documents the youth or young adult's agreement to voluntarily remain in foster care and outlines the categories of activity which qualify a child or youth to remain in foster care.

Voluntary Return to Extended Foster Care Agreement [Form 2540](#): The Department's Form which documents the youth or young adult's agreement to voluntarily return to foster.
